1 Kingdom Seneschal Policies

1.1 Group Seneschal

- 1.1.1** Every group must have a seneschal.
- 1.1.2** To receive a warrant, the warrant form on the Atlantia.sca.org website should be sent to the Regional Deputy Seneschal stating the outgoing seneschal's intent to resign and the nominee's willingness to accept the office. The warrant request must include the nominee's SCA and legal names, complete address, telephone numbers (day and evening), and times most easily reached by phone, membership number, type, and expiration date. It requires the signatures of both the outgoing seneschal and the nominee and two other group officers. In the case of a Barony, the signature/s of the current Baronage is required. Should this be impossible (due, for example, to the death, severe illness, or disappearance of the outgoing seneschal) a letter of explanation should be presented to the Kingdom Seneschal, signed by at least two group officers. Please remember that all officers are appointed by the Crown and the corresponding Officer of State. Letters regarding a change in the seneschal should say: "The people of X request that Y be appointed as the seneschal", not "Y is the new seneschal of X". In accordance with Corpora, all seneschals must be paid members of the SCA, and must have ready access to the kingdom newsletter. Seneschals are considered "Acting" once their request for a warrant has been received by a regional seneschal. Seneschals are warranted when they are listed in the Acorn.
- 1.1.3** Every seneschal should check his or her listing in each month's Acorn to be sure that the information there is accurate, current, complete, and should notify the Kingdom Seneschal promptly of any changes. Any contact information changes are to be sent concurrently to the Kingdom Seneschal and the Kingdom Chronicler.

- 1.1.4** Every seneschal should have a deputy, who should be prepared to take over the seneschal's office on short notice. The deputy Seneschal of every branch should be warranted in the same manner listed in 1.1.2. The Kingdom Seneschal is to be notified of any change in the deputy's name, address, or telephone number.
- 1.1.5** Each seneschal shall be warranted for a term of two years. A seneschal may request re-warranting for a second two-year term, not to exceed a total of four consecutive years in office. No seneschal may hold any other office, at any level, unless the other office requires so little work as to not interfere with the seneschal's duties AND no one else can be found to fill it. The Seneschal must request approval from the Kingdom Seneschal to hold any additional office. No territorial Baron or Baroness may be seneschal of his/her Barony or of any College or Canton therein.
- 1.1.6** All branch seneschals and deputies of the Kingdom Seneschal must have regular daily access to e-mail and to the World Wide Web. All seneschals must also be willing to participate in the branch seneschal's electronic list.
- 1.1.7** All seneschals and candidates for seneschal warrants must be subjects of Atlantia by residence or treaty as described in the governing documents.
- 1.1.8** All seneschals must attend the Seneschal 101 class on the duties of the seneschal and the Seneschal 102 class on SCA policy and procedure within 90 days of assuming the office. This may be done at an Atlantian University or by appointment with the Kingdom Seneschal or a Regional Seneschal to be done at another Atlantian Event. Seneschals must take this class with every renewal of a warrant.

1.2 Duties

- 1.2.1** The seneschal shall act as the president of the local chapter of the SCA, Inc. The seneschal is responsible for filing all reports and signed event waiver materials, as required by the Kingdom Seneschal.
- 1.2.2** Every seneschal is expected to attend meetings of the Curia Regis. He/she may send a representative with a written proxy, or may send a letter to the King and Queen stating that he/she cannot attend. The letter should outline the seneschal's opinions concerning items on the agenda. Any seneschal who is not represented at Curia should not expect to be otherwise consulted on items to be addressed in Curia.
- 1.2.3** Every seneschal is expected to attend Unevent. He/she may send a representative with a written proxy.
- 1.2.4** A seneschal shall represent other officers under the following circumstances: When a required office is vacant, the seneschal of the group is responsible for filing any reports required of the missing officer. When the office of the Chancellor of the Exchequer (Treasurer) is vacant, the seneschal is responsible for filing the annual tax report and any interim reports required by the Kingdom Exchequer.
- 1.2.5** While the seneschal is responsible for confirming group officer transition with that office's kingdom superior, the seneschal does not select any group officers.

- 1.2.6** Event stewards/autocrats are considered to be deputies of the local Seneschal for the duration of the event. The seneschal shall have every event steward/autocrat complete an Event Steward warrant (found on the Atlantia.sca.org website.) This document will be kept in the branch seneschal's files with the other documents relating to the event for 7 years.

1.3 Submission of Reports and Waivers

- 1.3.1** Reports: It is the duty of the local seneschal to keep the Kingdom Seneschal informed of local developments.

- 1.3.1.1** Quarterly reports are due on January 5 (for the period October 1 – December 31), April 5 (for the period January 1 - March 31), July 8 (for the period April 1 – June 31) and October 5 (July 1 – September 30). Reports shall be sent via the Atlantian Seneschal online report system.

In the event that the online system is down or a Seneschal is temporarily unable to access the system, email or hardcopy reports will be accepted. Written reports should be legibly written on 8.5" X 11" paper and reports should include, at a minimum, the following information:

- the date
- the group name
- the quarter for which the report is being submitted
- Seneschal's (and deputy's) SCA and legal names, mailing addresses, telephone numbers, addresses (if available), membership numbers, and expiration dates
- estimated number of active members and estimated number of paid members in the group.
- A list of all other officers and any unfilled offices.

Thereafter, the report should describe any events/demos held by the group during the reporting period, a list of any regular practices/meetings/workshops held, anything special your group did and should be noticed for, any noticeable change (up or down) in the level of local activity, and any change in local officers. In addition, reports should include any group goals for the upcoming quarter(s), any problems experienced (and their resolution if any) and any suggestions for the Kingdom Seneschal.

- 1.3.1.2** Interim reports should be submitted to the Kingdom Seneschal and/or regional seneschals in the event of emergencies or major problems arising within the group, or in the group's interaction with modern non-SCA entities.
- 1.3.1.3** Seneschals are to send copies of the quarterly seneschal reports to the Kingdom Chatelaine and Chancellor of Youth Activities if these offices are not filled for their group.
- 1.3.1.4** Canton and College Seneschals must provide a copy of their report to their Baronial counterpart, in addition to the regional seneschal.

- 1.3.1.5** Seneschals of Colleges (which are based at an institution or facility and not zip code of residence) should include a membership list of modern names with group reports, which will define residency.
- 1.3.1.6** A group that misses two consecutive reporting cycles should be prepared to provide good reasons why its seneschal should not be replaced, or the seneschal will be recommended to the Crown for removal and the group recommended for suspension. Groups with a pattern of missing/late reports may be recommended for dissolution.
- 1.3.2** Waivers: It is the duty of the responsible seneschal to file signed waivers with the Kingdom Waiver Secretary to ensure their proper long-term storage in accordance with corporate policies.
 - 1.3.2.1** Event Waivers: Any waiver signed during the course of an official Society event will be collected by the seneschal of the hosting group at the completion of the event.
 - 1.3.2.1.1** All signed event waivers and a completed event waiver report will be submitted to the Kingdom Waiver Secretary within fourteen calendar days of the completion of the event.
 - 1.3.2.2** Fighter Practice Waivers: In the event that a group has no warranted marshal or is not hosting fighting practices, the seneschal will complete a fighter practice waiver report, certifying that no fighter practice waivers were collected, and submit it to the Kingdom Waiver Secretary. An electronic fighter practice waiver report may be accepted at the discretion of the Kingdom Waiver Secretary.
 - 1.3.2.2.1** The fighter practice waiver report will be submitted on a quarterly basis, in accordance with the following schedule: Due April 15 (for fighter practices held between January 1 - March 31); July 15 (April 1 - June 30); October 15 (July 1 - September 30); and January 15 (October 1 - December 31).
 - 1.3.2.2.2** Groups hosting fighter practices must submit those waivers on the same quarterly basis to the Kingdom Waiver Secretary.
 - 1.3.2.3** Late- or non-submission of waiver materials: If waiver materials have not been received by the Kingdom Waiver Secretary by the due date, the seneschal of the hosting group will be issued a warning, and may be granted a grace period of up to fourteen days.

1.3.2.3.3 In the event that the waiver materials have not been received within the authorized period, and no release from waiver filing requirements has been granted, the group will be recommended for sanctions to the Kingdom Seneschal.

1.3.3 Every group should file its own reports and waiver materials, *i.e.*, Baronies should report baronial activities, not Canton activities, and Cantons should report independently.

1.3.4 The seneschal may delegate submission of these reports or waiver materials to a deputy, but it is the seneschal's responsibility to see that the reports are filed.

- Met all prerequisites for incipency.
- Submitted a complete New Branch Application.

2 Policies of the Triton Principal Herald

2.1 Structure

- 2.1.1** The Triton Principal Herald is the administrative head of the Atlantian College of Heralds and Scribes, and is warranted jointly by the Crown of Atlantia and the Society Herald as a Great Officer of State.
- 2.1.2** The Triton Principal Herald is responsible for overseeing heraldic and scribal activities within the Kingdom, and for reporting to the Crown of Atlantia and the Society Herald as a Great Officer of State.

2.1.3 Triton's Staff consists of the Golden Dolphin Herald, the Finsterwald Pursuivant, and the Undine Pursuivant, as well as any other heralds who may be named to Triton's Staff for such purposes as deemed necessary.

2.1.3.1 The Golden Dolphin Herald is in charge of submissions of names and armory for the Kingdom of Atlantia. The Golden Dolphin Herald is warranted jointly by the Crown of Atlantia and the Triton Principal Herald as an Officer of State.

2.1.3.2 The Finsterwald Pursuivant is the Clerk of the Order of Precedence, and is in charge of the recording of awards given by the Crown of Atlantia, and in maintaining the Order of Precedence. The Finsterwald Pursuivant is warranted jointly by the Crown of Atlantia and the Triton Principal Herald as an Officer of State.

2.1.3.3 The Undine Pursuivant is the Clerk of the Signet, and is in charge of overseeing the production of scrolls in the Kingdom, as well as any other Kingdom documents that may be requested by the Crown. The Undine Pursuivant is warranted jointly by the Crown of Atlantia and the Triton Principal Herald as an Officer of State.

2.1.4 The Atlantian College of Heraldry and Scribes consists of the Triton Principal Herald, Triton's Staff, and all warranted heralds and scribes in the Kingdom of Atlantia. The current structure of the College can be found on the Atlantian College of Heraldry website (herald.atlantia.sca.org)

2.2 Purpose

2.2.1 The Atlantian College of Heraldry and Scribes exists to provide heraldic and scribal services to the Crown and the people of Atlantia; to allow individuals interested in heraldry and scribal arts to improve their knowledge and skills while serving the Kingdom; and to continue to advance the Kingdoms and the Society's knowledge and practice of heraldry and scribal arts.

2.3 New Groups

2.3.1 When a new branch is being formed, it is suggested that the group's proposed seneschal or herald contact the Triton Principal Herald at the same time that they contact the Kingdom Seneschal for necessary paperwork. As a new branch needs both a name and a device, Triton can then work with the group to come up with registerable items.

2.4 Warranting

2.4.1 Each barony or larger branch in the Kingdom of Atlantia must have a warranted herald as an officer. It is suggested that all branches maintain a warranted, local herald.

2.4.2 To become a warranted herald in the Kingdom of Atlantia, a letter of request should be sent to the Triton Principal Herald stating an intention to be a warranted herald. An email letter is acceptable. This letter of request must include the following information:

- Modern Name
- SCA Name
- Full mailing address
- Telephone number
- Email address
- SCA membership number and expiration date.

SCA Membership is required for all branch heralds, per Kingdom law. At-large heralds are not required to be SCA members, but they are highly encouraged to be.

2.4.3 Branch heralds should include a letter from the outgoing herald stating that it is his/her intention to resign, and/or a letter from the seneschal confirming the branch's request for a warranted herald. This can all be one letter signed by the appropriate parties. An email letter is acceptable.

2.4.4 Triton may also warrant interested individuals as heralds-at-large. At-large heralds are not officers of a branch. They report directly to Triton.

2.4.5 Warrants consist of two-year terms that are renewable upon request assuming previous positive representation of the College and SCA heraldic arts.

2.4.5.1 It is recommended that branch heralds not serve more than two consecutive terms. Exceptions must be approved by Triton.

2.4.6 In order to maintain their warrant, heralds must complete one hour of continuing education approved by Triton in each calendar year.

2.4.7 Warrants may be removed for just and stated cause by Triton. The Crown must be consulted if it is deemed necessary to revoke warrants for Officers of State (Golden Dolphin, Finsterwald, and Undine).

2.5 Quarterly Reports

2.5.1 All warranted heralds must file quarterly reports to maintain their warrants. Quarterly reports are sent to Reporting Herald (Kraken) and to Triton, with courtesy copies going to the appropriate branch seneschals, if applicable.

2.5.2 Reports are due on the following schedule:

Quarter	Quarter Covers	Report Due
1st	Jan 1 – Mar 31	Apr 30
2nd	Apr 1 – Jun 30	Jul 31
3rd	Jul 1 – Sep 30	Oct 31
4th	Oct 1 – Dec 31	Jan 31

2.5.3 An online report form can be found on the Atlantian Herald's website (herald.atlantia.sca.org). If any herald is unable to use the online form, they should contact Kraken or Triton directly.

2.5.4 Missing two reports in a row is considered grounds for removal of warrant.

2.6 The College of Heralds

- 2.6.1** All warranted heralds are representatives of the College of Heralds & Scribes. Branch heralds are the representatives of the College of Heralds & Scribes for their branch and the primary point of contact for heraldic matters.
- 2.6.2** Branch heralds or their deputies should attempt to attend local meetings and/or events to be available to answer heraldic questions and help with local submissions. If the local herald does not know the answer to the question, he or she should direct any inquiries to Triton Staff for answers.
- 2.6.3** When processing submissions, branch and at-large heralds should check them for completeness before accepting payment. This includes the correct number and type of forms, documentation, and the payment of correct fees. If possible, the herald should also check submissions to make sure they meet all of the Society's requirements and notify the submitter of any potential problems. Submission fees and types of payment are referenced in the Submission Procedure of these policies.
- 2.6.4** The receiving herald must forward submissions and payments to Golden Dolphin in a timely manner, not to exceed fourteen (14) days.

2.7 Submission Procedure

- 2.7.1** All Atlantian submissions should be made with the assistance of a warranted Atlantian herald, or from an approved consult table in order to reduce the number of corrections Golden Dolphin must make. Exceptions to this procedure can be made only on a case-by-case basis.
- 2.7.2** Given the changing nature of submissions requirements as the College of Arms makes better use of current technologies, the most up-to-date Atlantian submissions requirements can be found on the Atlantian Heralds Web Page at <http://herald.atlantia.sca.org/submissions/>
- 2.7.3** The cost of a submission, which must be included with the submission, is \$10.00 per submission element (name, device, badge, etc.). Submission packages with insufficient monies, with an insufficient number of forms, with illegible forms or forms that are not filled out with dark ink will be returned to the submitting herald.
- 2.7.4** No submission is complete without payment of the appropriate fees. Fees may be paid by a check or money order from the submitter made out to "SCA Inc., College of Heralds of Atlantia." Any other form of payment (e.g., cash) must be made through an authorized Society bank account with the amounts shown in quarterly reports as a transfer to the College of Heralds of Atlantia.
- 2.7.5** Heralds may not use their own cash, checks, or money orders to pay for submissions for anyone other than their own immediate family. Incomplete packages will be held until the missing information is received.

2.8 Golden Dolphin Herald

- 2.8.1** Golden Dolphin shall be ultimately responsible for processing submissions received from residents of the Kingdom of Atlantia, including submissions received at authorized consult tables held outside the boundaries of the Kingdom (e.g., at Pennsic). This responsibility may not be delegated except with the explicit approval of Triton.
- 2.8.2** Golden Dolphin may maintain whatever staff deemed necessary but will include Opal Pursuivant to manage Notifications in a timely fashion

2.9 Processing of Submissions

- 2.9.1** All submissions received by Golden Dolphin shall be included on a Letter of Presentation, which shall be posted in the Atlantian Kingdom Garden on OSCAR (the Online System for Commentary And Response.) Such Letters of Presentation will normally be posted on a monthly basis. In no case will more than 60 days elapse between Letters of Presentation. Submissions without payment will be held from the Letter of Presentation until full payment has been made.
- 2.9.2** After an appropriate period for commentary, Golden Dolphin will accept, return or pend each submission from the Letter of Presentation based on the commentary received and/or any independent research by Golden Dolphin or its staff.
- 2.9.3** Accepted items will be forwarded for consideration to the College of Arms following the current requirements for submissions under the published policies of the Laurel Office. The only items which may be submitted to the College of Arms without appearing on a Letter of Presentation for the appropriate month are releases of previously registered materials, withdrawals or corrections of items previously submitted to the College of Arms, transfers of previously registered items by heraldic will or properly drawn transfer documents, or items which were pended from a previous Letter of Presentation for reasons which have been resolved.
- 2.9.4** Golden Dolphin will be responsible for meeting all requirements of the Laurel Office with regard to provision of submissions forms, documentation and coordinating with Coral Branch to ensure payment for any submissions forwarded to the College of Arms for consideration.
- 2.9.5** Items will be returned only for specific and unquestionable violations of the Standards for Evaluation of Names and Armory (commonly called SENA), including problems of style, conflict with previously registered items or other issues that Golden Dolphin reasonably believes would prevent registration of the submission by the College of Arms.
- 2.9.6** Items may be pended for incomplete paperwork, for clarification of the submitter's intent or for issues that may not be a specific violation of SENA but which Golden Dolphin feels might negatively affect the submission when considered by the College of Arms.
- 2.9.7** Official notification of actions taken both in kingdom and by Laurel will be sent by Opal Pursuivant to each submitter via email using the Online System for Notifications function of OSCAR. Opal will use email, the kingdom e-list,

Facebook pages and/or any other reasonable method of communication to contact submitters who do not respond to the initial notification e-mail.

2.9.8 Opal will send US Postal Letters of Notification for any electronic notification that is not 'picked up' within 30 days of the initial email.

2.9.9 Notifications will outline the result of the consideration of their submission at kingdom and then Laurel. Such Letters of Notification will specify the details of the submission in question and in the case of a return or pend indicate the reason for the action, offer advice and help to address the reasons for the action and specify the period within which the submitter may make a resubmission without payment of further fees.

2.10 OSCAR Commenting

2.10.1 The Triton Principal Herald and the Golden Dolphin Herald, current and past, shall be ex-officio members of both the College of Arms and OSCAR. They are expected to participate by following Atlantian submissions and providing support and defense for them and to support other kingdoms, Wreath and Pelican Sovereigns of Arms with commentary equal to the heralds' skills.

2.10.2 Members of Triton Staff, Golden Dolphin staff and all branch heralds are expected to have an account on OSCAR and to follow Atlantian submissions, and provide kingdom commentary equal to the herald's skills.

2.10.3 Since OSCAR participation is such an effective education tool for SCA heraldry, any warranted Atlantian herald who requests an account on OSCAR will be granted kingdom commenting privileges and Laurel read privileges without any commitment to commentary.

2.10.4 Individuals with satisfactory commentary for three months or more in OSCAR may request Laurel commenting privileges which will be granted at the discretion of Triton.

2.10.5 Heralds from other kingdoms may request Atlantian Garden commenting permissions which will be granted on a case-by-case basis at Triton's discretion.

2.10.6 OSCAR commentary represents both the Kingdom and the College. It is to be kept professional, polite, and relevant to the submissions. Commentary is to be held confidential. Specifics are to be discussed only with others with OSCAR privileges as comments out of context can be confusing and, occasionally, hurtful. Violation of these ideas will be grounds for revocation of commenting privileges.

2.11 Reporting for Official Courts

2.11.1 Official Courts are those courts convened by the Crown, Their Heirs or Coronets at official SCA events appearing on the kingdom calendar.

2.11.2 The duties of the court herald are to assist the Crown, Their Heirs or Coronets with accurate information gathering and dissemination, proper court set up,

docket management, providing the voice for court or other heraldic activities they may be called upon to perform.

- 2.11.3** It is the responsibility of the court herald to file a report listing all awards/orders bestowed during that court to the Crown, Their Heirs or Coronets within two weeks of the event, with copies being sent to Triton, Finsterwald, Undine and their Backlog Deputy.
- 2.11.4** Official court reports must include the name(s) of the presiding Crown/Coronet, event name, event date, court time (if multiple courts held), herald's name and a chronological listing of awards/orders given with the recipient's SCA name. Reports should also include recipients' modern name, home branch, and whether the recipient received an original scroll or a promissory when possible. Reports should not be held late for lacking information such as modern names and branches. They should be filed in timely fashion and updates sent later if further information is found.
- 2.11.5** It is recommended, but not required, that court heralds also prepare a Court Report that lists and/or describes all activities and events that occurred during the court, for public dissemination. Modern names must not be included in this narrative report.

2.12 Silent Heraldry

- 2.12.1** The Silent Heralds provide a volunteer service to those who have difficulty hearing the activities during court.
- 2.12.2** Silent Heralds are fully warranted heralds in the Atlantian College of Heralds, and are authorized to participate in all heraldic activities subject to the policies of the Silent Herald Deputy (Alcyon Pursuivant) as described in the Silent Heralds Handbook.
- 2.12.3** Silent Heralds must meet the requirements as outlined in the Silent Heralds Handbook, and must undergo a period of training/evaluation of demeanor/confirmation of possession the basic skills required and be approved by the Silent Herald Deputy or a designated deputy.
- 2.12.4** The Triton Principal Herald and the Silent Deputy Herald are the final authority on the granting or suspension of a Silent Herald's warrant.

2.13 The College of Scribes

- 2.13.1** The College of Scribes is responsible for the production of scrolls for subjects of Atlantia and for other Kingdom documents that the Crown may request under the direction of Undine Pursuivant the Clerk Signet. Undine is solely responsible for the assignment of scrolls to the College of Scribes.
- 2.13.2** Membership in the SCA, Inc., is not required for award recipients to receive scrolls. Membership in the SCA, Inc., is not required in order to be an active scribe.

- 2.13.3** Scribes are expected to maintain valid contact information with Undine or a designated deputy. Inability to locate scribes may result in released assignments.
- 2.13.4** Award recipients who no longer participate in Society functions may have their scrolls completed on a lesser priority to those awards received by active participants.
- 2.13.5** All scrolls should be inspected and verified by Undine before being presented for signature and/or seal by the Crown and/or Triton Herald.
- 2.13.5.1** The accuracy of scrolls not inspected and verified by Undine shall be the responsibility of those signing the scrolls.
- 2.13.5.2** The Crowns signing are responsible only for the verification of the award bestowed to the recipient.
- 2.13.5.3** Triton or authorized individuals signing for Triton are responsible to ensure the name, blazon and emblazon are properly registered as noted on the scroll.
- 2.13.5.4** Only those scribes who have been specifically authorized by Triton and Undine may sign Triton's name to a scroll, in the absence of Triton.
- 2.13.6** Scrolls for all award recipients who have registered names and arms may include a blazon and display of those arms, and will include text of verification by Triton below the Royal signature ("Verum Est"). If the recipient does not have a registered name and/or device they may receive a scroll with the text "known as" with the name they are known by, no depiction of arms, and no verification by Triton.
- 2.13.7** In cases where scrolls are delivered directly to the recipient, responsibility for obtaining signature/seal by the Crown (and Triton as needed) falls to the recipient.
- 2.13.8** Until an award is announced in court, the scroll for it is considered an assignment. All assignments are the responsibility of Undine, unless otherwise directed by the current Monarchs.
- 2.13.8.1** All scroll assignments and their contents are to remain confidential until the scroll is presented in court.
- 2.13.8.2** Violations of this confidentiality may result in the offending scribe losing the privilege of receiving advance assignments.
- 2.13.9** All scrolls, once given to Undine, the official court herald or other Royal representative, become the property of the Kingdom until they are delivered to the recipient.
- 2.13.10** Private commissions are permitted and encouraged. Undine must be notified of the commission to prevent duplicate assignments. Neither Undine nor the Office of the Clerk Signet has any responsibility or authority to ensure that the commissioned scroll meets current guidelines.

2.13.10.1 A privately commissioned scroll is defined as "a scroll production done via an agreement between a scribe and an interested person." This agreement may or may not include direct compensation or exchange of services. Scrolls are commissioned only after an award is announced in court.

2.13.11 The Scrivener Royal is a Kingdom Notable chosen through competition overseen by the Undine Pursuivant. The position is held for a 6 month term, changing at each Coronation. Duties are to be a scribal assistant to the Crown and the Signet Office, primarily dealing with scroll production and any special scribal needs at events. The Crown may have additional duties which They wish for the Scrivener Royal to perform.

2.14 Financial Policy

2.14.1 These financial policies are in addition to the Society Financial Policies and Atlantian Kingdom policies and should be followed as if incorporated into Kingdom Law. This Policy is superseded by: Kingdom Exchequer Policy, Kingdom Financial Policy, Kingdom Law, Society Exchequer Policy, Corpora, State, and Federal Law. This policy may be changed by unanimous vote of the College of Heralds Financial Committee with approval of the Kingdom Chancellor of the Exchequer.

2.14.2 The exchequer of the College of Heralds & Scribes is the Coral Branch Pursuivant and will maintain a working knowledge of laws and policies involving the use and control of the College of Heralds & Scribes assets, both financial and tangible.

2.14.3 Coral Branch will preserve all records and produce all reports required by Society or Kingdom policy with the assistance of the Kingdom Exchequer where required; serves as a signatory on the bank account of the Atlantian College of Heralds & Scribes; and serves on the CoHS Financial Committee.

2.14.4 The College of Heralds & Scribes will maintain a checking account at an appropriate banking institution. Two signatures will be required on any check. The Kingdom Exchequer, Triton Principal Herald, Coral Branch Pursuivant, and Golden Dolphin Herald must be signatories on the account. Other signatories may be added for the efficient management of the CoHS's funds at the discretion of the CoHS Financial Committee and the Kingdom Exchequer. In accordance with Society and Kingdom financial policy, no two signatories may reside in the same household and no debit or ATM card may be associated with any account.

2.14.5 Coral Branch will report directly to the Kingdom Chancellor of the Exchequer in all financial matters. All reports should be made on the approved quarterly report forms. All required forms must be attached and completed when the form is submitted; this includes copies of all bank statements for that quarter. The Triton Principal Herald and the College of Heralds Exchequer should sign the report. Signed copies of the report should be sent to the Kingdom Exchequer and the Triton Principal Herald for retention in their files. Coral Branch should also retain a signed copy of the report as part of the permanent exchequer files.

- 2.14.6** Quarterly reports and the annual end-of-year (Doomsday) report are due according to the deadlines established by the Kingdom Chancellor of the Exchequer. Extensions may be granted if the Kingdom Chancellor of the Exchequer is contacted in advance. Failure to report by the due date will cause the Kingdom Chancellor of the Exchequer to contact the Triton Principal Herald to give notice of Coral Branch's suspension. The Triton Principal Herald will be informed of what is required to lift the suspension. Electronic copies of the quarterly reports may be sent to the Kingdom Chancellor of the Exchequer as proof that the report was completed on time. However, the paper copy must be sent once the appropriate signatures are obtained.
- 2.14.7** The Golden Dolphin Herald will maintain a monthly record of all deposits made to include the date of deposit, the modern name of the submitter, the SCA name of the submitter, the address of the submitter, as well as the amount received and the type of submission (names, badges and arms). This information will be forwarded to Coral Branch on a monthly basis, to be received no later than two weeks after the end of each month. Deposits made by Golden Dolphin must be reconciled against bank statements within one week of the receipt of the list from Golden Dolphin.
- 2.14.8** Income to the College of Heralds & Scribes is primarily derived from heraldic submissions received at consultation tables and/or sent to Golden Dolphin by warranted heralds or other authorized individuals. Donations may also be received for specified heraldic purposes, e.g., purchase of books, creation of regalia, etc. Specific donations should be recorded and tracked as special funds if appropriate. All deposits of submissions fees, event fees, or any other funds received by the College of Heralds & Scribes shall be made in a timely manner.
- 2.14.9** The College of Heralds Financial Committee must be comprised of the Triton Principal Herald, the Golden Dolphin Herald and the Coral Branch Pursuivant. Additional members may be included at the discretion of these three officers with the permission of the Kingdom Exchequer. All CoHS Financial Committee members must maintain current membership in the SCA, Inc.
- 2.14.10** Meetings of the College of Heralds & Scribes Financial Committee may be held in person, by telephone or by electronic means (e.g., by exchange of email). If such meetings are held in person or by telephone, it is the responsibility of the Coral Branch Pursuivant to create and preserve a written record of all decisions of the committee. If the meeting is held by email, then Coral Branch may opt to retain copies of all relevant emails as the permanent record of the meeting.
- 2.14.11** Routine administrative expenditures of the office of the Triton Principal Herald and its staff required by College of Arms and/or College of Heralds policy do not require specific pre-authorization by the CoHS Financial Committee. Such expenditures include purchase of supplies and postage for submissions notification letters, routine College of Arms and/or College of Heralds correspondence and/or payment of submissions fees to the College of Arms.
- 2.14.12** All other expenditures, including purchase of books, office supplies and other materials by the office of the Triton Principal Herald and its staff, require pre-authorization by a vote of no less than two-thirds of the CoHS Financial Committee, one of whom must be the Triton Principal Herald. In cases of

emergency, any two of the three required officers on the CoHS Financial Committee (Triton Principal Herald, Golden Dolphin Herald and Coral Branch Pursuivant) may authorize expenditures without a meeting of the College of Heralds & Scribes Financial Committee as a whole.

2.15 College of Herald's Sponsored Events

- 2.15.1** Potential autocrats shall present a written, itemized budget for an event to the College of Heralds & Scribes Financial Committee at least three months prior to the event date and before any expenditure for the event is made and before the event flyer has been published. The CoHS Financial Committee must authorize any itemized expenditure in excess of the approved amount. The budget may include provisions to waive gate and feast fees for sitting Monarchs, Their Heirs, and the event's Autocrat/Event Steward, Head Gatekeeper/Troll and Head Cook.
- 2.15.2** The Coral Branch Pursuivant must receive event-related receipts and requests for reimbursement within fourteen days of the event.
- 2.15.3** Event refund requests must be received in writing no later than ten days after the event. Feast refund may be provided if the feast spot was resold to another attendee. All refunds shall be paid by check from the group's checking account. No refund shall be issued until the event books have been closed and all reservation checks have cleared. No funds shall be removed from the cash box except as change for funds received.
- 2.15.4** The event financial report shall be completed by the event autocrat and presented to the College of Heralds & Scribes Financial Committee after the event books have been closed.

3 The Policies of the Kingdom Earl Marshal

This document incorporates the policies and rules for all marshal activities, not just Armored Combat. All previous documents for sports other than Armored Combat are null and void.

3.1 Section I - General Policies

3.1.1 Scope and Validity

- 3.1.1.1** This document delineates the rules and regulations that govern the marshaling of combat in Atlantia.
- 3.1.1.2** All combat and animal activities must be conducted according to the policies defined in this document.
 - 3.1.1.2.1** Combat Disciplines are Armored Combat, Combat Archery, Rapier Combat, Target Archery, and Thrown Weapons.
 - 3.1.1.2.2** Animal Disciplines are Equestrian Activities and Hounds.
 - 3.1.1.2.3** All activities under these categories must be supervised by a marshal warranted by the Atlantian Earl Marshal's Office to do so.

3.1.2 General Responsibilities

- 3.1.2.1 Safety must be the primary concern of all Marshals. If a safety problem arises through the rules, the Marshal must halt the activity until a safe way can be found to conduct the activity. If this happens, the Marshal In Charge of Events (see MIC-Events, section 3.1.3.2.1) must report this as a serious problem, following the procedures defined in Problem Resolution section, including the nature of the conflict between rules and safety, the resolution at the event, and the other Marshals present.
- 3.1.2.2 The Marshals must enforce rules evenhandedly, regardless of the rank, affiliation, or degree of rudeness of the fighters involved.
- 3.1.2.3 All Marshals must conduct themselves in a safe, courteous, and controlled fashion.
- 3.1.2.4 In any contact discipline that includes projectile weapons, the Marshals must wear shatterproof sports or industrial high impact plastic eye protection.
- 3.1.2.5 Marshals are expected to contribute to the rules modification process by suggesting improvements or commenting on proposed changes to Policies and Conventions.

3.1.3 The Structure of the Marshallate

There are 3 basic levels of marshal:

Kingdom Level (this includes the Earl Marshal, and all Deputy Earl Marshals (DEM)).

Group Level (this includes the group Knight's Marshal (KM) and all of his or her Deputies (DKM)).

Bottom Level (this includes all Apprentice Marshals (MIT) and Crowd Control Assistants (CCA, Line Marshals, etc.)

There is a DEM for each sanctioned marshal activity. They report directly to the Earl Marshal and to a Corporate Officer (if one exists in that role) and have no direct reports save any regional deputies that they may create to aid them. Their role is to oversee all aspects of that activity, recommend scenarios to the Group Level Marshals, recommend rules changes to the Earl Marshal, work with the DEM for Training to create and maintain appropriate training materials.

The Group Level marshals report directly to the Earl Marshal for the purposes of submitting event reports and reporting problems. They should seek advice on the design of scenarios from the DEM of their activity as needed and recommend rules and training changes to them as well.

3.1.3.1 The Types of Marshals and their Responsibilities

3.1.3.1.1 Earl Marshal (EM, KEM)

- 3.1.3.1.1.1** The Earl Marshal shall be responsible for the formulation, publication, and distribution of the rules of all activities and the marshal's policies. The Earl Marshal may delegate to one or more deputies for this purpose, but the ultimate responsibility lies with the Earl Marshal.
 - 3.1.3.1.1.2** The Earl Marshal must conduct appropriate review of sanctions imposed by the Marshal In Charge of an Event (MIC). The participants must be notified within five (5) business days of receiving of the report, or appeal, whichever arrived first. The participants must be informed of the status of the investigation - closed and upheld, closed and overturned, or pending further investigation, with an explanation of the reason for delaying a decision.
 - 3.1.3.1.1.3** The Earl Marshal must submit required reports to the Society Earl Marshal.
 - 3.1.3.1.1.4** The Earl Marshal must meet the Marshal's mandate established in Kingdom Law and must meet the requirements of the Corporate Policy and those of the Society Earl Marshal.
 - 3.1.3.1.1.5** The Earl Marshal must appoint all Atlantian marshals but may designate Deputy Marshals to appoint Marshals in the Earl Marshal's place.
 - 3.1.3.1.1.6** The Earl Marshal must appoint Deputies for each Combat Discipline.
 - 3.1.3.1.1.7** The Earl Marshal must appoint an Emergency Successor to handle proper transition of the Earl Marshal office in case the Earl Marshal is no longer able to serve.
 - 3.1.3.1.1.8** The Earl Marshal will determine and publish the rules and regulations for experimental weapons and other experimental rules.
 - 3.1.3.1.1.9** The Earl Marshal is the arbiter for interpretation of all conventions or policies for all disciplines of combat.
 - 3.1.3.1.1.10** The Kingdom Marshal will impose sanctions upon those groups failing to comply with fighter practice waiver submissions policies, as appropriate, and will investigate repeated group sanctions for non-compliance with fighter practice waiver submissions policies, in collaboration with the Kingdom Seneschal.
- 3.1.3.1.2** Deputy Earl Marshal for an Activity (DEM)
- 3.1.3.1.2.1** The DEM must assist the Earl Marshal in creating and maintaining the conventions of the discipline, including:

- Equipment standards
- Authorization standards
- Rules of Engagement
- Scoring/Acknowledgement conventions
- Safety Rules

3.1.3.1.2.2 Conventions produced by a DEM must be approved by the Earl Marshal and published according to policy and/or law before taking effect.

3.1.3.1.2.3 In the absence of the EM at an event, the DEM will be the final authority on the interpretation of conventions in their specific discipline. In extreme cases, the DEM may overrule the MIC of an event, but only if they are not participating in the activity at the time of the dispute.

3.1.3.1.2.4 The DEM may appoint assistants, but they will have no official standing within these policies.

3.1.3.1.3 Deputy Kingdom Marshal for Training (DEM-T)

3.1.3.1.3.1 The DEM-T will establish a training program that will maintain quality marshal's activities.

3.1.3.1.3.2 The DEM-T may designate Deputy Marshals to carry out the training program across the Kingdom.

3.1.3.1.3.3 The DEM-T will screen training program applicants. Those applicants accepted will become apprentice marshals.

3.1.3.1.4 Knight's Marshal (KM)

3.1.3.1.4.1 Any group that wishes to conduct any marshal related activity at an event must have a Warranted Marshal or sponsorship from a warranted Atlantian Marshal that will assume responsibility for the event. If the Marshal is unable to serve as Marshal in Charge for the event/activity (unable to attend the event, not warranted for the activity, or for some other reason) a warranted marshal must be recruited to serve as MiC.

3.1.3.1.4.2 Each group will have at most one Knight's Marshal.

3.1.3.1.4.3 The Knight's Marshal must ensure that practices are conducted in accordance with SCA corporate policy and the guidelines that are defined in this document and its appendices. The Knight's Marshal must ensure that the group has a representative marshal present at such practices for all of the disciplines being practiced. Any one marshal may represent any or all disciplines in which he or she is an authorized marshal.

- 3.1.3.1.4.4** The Knight's Marshal should encourage the other marshals in their group to accumulate loaner equipment and do so themselves.
- 3.1.3.1.4.5** The Knight's Marshal should encourage the marshals of each discipline in the group to become cross-trained in other disciplines and do so themselves.
- 3.1.3.1.4.6** The Knight's Marshal must train new participants in the activities for which the Knight's Marshal is a warranted marshal. The Knight's Marshal may delegate this responsibility to another marshal as long as that marshal is warranted in that particular discipline.
- 3.1.3.1.4.7** The Knight's Marshal must ensure that there is a Marshal-In-Charge (MIC) for each local event that includes any marshal related activity. In this process, the Knight's Marshal must work with the group's seneschal and the event's autocrat to select a mutually acceptable MIC. The Knight's Marshal need not be the MIC.
- 3.1.3.1.4.8** The Knight's Marshal shall ensure that the MIC for events hosted by their group files an event report. A Knight's Marshal that fails in this obligation may be removed from office.
- 3.1.3.1.5 Deputy Knight's Marshals (DKM)**
 - 3.1.3.1.5.1** Marshals who have completed the specific training and testing program for a given discipline will become a warranted marshal in that discipline.
 - 3.1.3.1.5.2** Warranted marshals with no other role will be assigned as a DKM of their local group.
 - 3.1.3.1.5.3** Local groups may have any number of DKMs.
 - 3.1.3.1.5.4** The DKMs are deputies of the KM. The DKM must train participants in the disciplines that they are warranted in, upon request by those participants in that discipline. The DKM may offer assistance, but may not mandate participation in training exercises by any participant.
 - 3.1.3.1.5.5** Upon request by the KM or the MIC-Event, the DKM must assist the MIC-Event with the administration of marshaled activities at events sponsored by the DKM's home group.
- 3.1.3.1.6 Marshal-at-Large (NO LONGER IN USE)**
 - 3.1.3.1.6.1** The position of Marshal-at-Large is immediately terminated. All Marshals-at-Large in every discipline will be assigned as DKM to their group of residence.

3.1.3.1.7 Apprentice Marshals (also known as Marshals In Training (MITs))

- 3.1.3.1.7.1** Apprentices may not serve in any of the capacities listed above. They may serve as line marshals with warranted marshals who are training them.
- 3.1.3.1.7.2** Apprentices must meet the requirements listed for all marshals in Item 3.1.3.1.9 (below).
- 3.1.3.1.7.3** Anyone wishing to join the apprenticeship program must send a written request to the Earl Marshal containing all of his or her contact information.
- 3.1.3.1.7.4** Apprentices must attend at least one marshals' training seminar.
- 3.1.3.1.7.5** Apprentices must make arrangements with a mentor to guide them through the apprenticeship. This mentor must be a warranted marshal and must be listed in the request for entrance into the apprenticeship program.
- 3.1.3.1.7.6** The apprenticeship program consists of the following:
 - 3.1.3.1.7.6.1** Apprentices must assist in marshalling at least four different events.
 - 3.1.3.1.7.6.2** The apprentice must get the prior approval of the Marshal in Charge for that event.
 - 3.1.3.1.7.6.3** At these events they will assist in all marshal functions.
 - 3.1.3.1.7.6.4** At least two of these events must be outside their local group.
 - 3.1.3.1.7.6.5** At least one of these events must be in a different region of the kingdom.
 - 3.1.3.1.7.6.6** At least one of these events must have significant melee combat.
- 3.1.3.1.7.7** A warranted marshal must supervise all of the apprentices' activities.
- 3.1.3.1.7.8** At the end of the combat activities, the apprentice must get written feedback from the Marshal in Charge. This must be recorded on the apprenticeship form.
- 3.1.3.1.7.9** After completing the apprenticeship program the apprentice shall send the completed form to the relevant discipline Deputy Earl Marshal.
- 3.1.3.1.7.10** Completion of the apprenticeship program makes the apprentice eligible for a warrant, or warrant-eligible.

3.1.3.1.7.11 Warrant-eligible apprentices may be warranted to a vacant knight marshal or deputy knight marshal position and then become warranted.

3.1.3.1.8 Crowd Control Assistants (also known as "line marshals" (CCA))

3.1.3.1.8.1 Crowd Control Assistants are only allowed at the discretion of the MIC-Event or the MIC of an Activity.

3.1.3.1.8.2 Anyone may be a Crowd Control Assistant.

3.1.3.1.8.3 The only activity of the Crowd Control Assistants is the warning of participants and spectators that they are approaching the boundaries of the combat activity.

3.1.3.1.8.4 If the MIC deems that any CCA is dangerous, incompetent, or redundant, the MIC may remove the CCA from participation.

3.1.3.1.8.5 Warranted marshals must take into account that Crowd Control Assistants may not be completely experienced in safety measures around a given activity and that they should be protected from dangerous situations.

3.1.3.1.9 Responsibilities of all Marshals

3.1.3.1.9.1 All marshals must attend an Atlantian Marshal's Seminar in their discipline once every three years. This could be their discipline meeting at Unevent or any marshal's training approved by the Earl Marshal or the appropriate discipline deputy.

3.1.3.1.9.2 All marshals must be members of the SCA and receive The Acorn at their place of residence.

3.1.3.1.9.3 All marshals must be completely familiar with the SCA Rules of the List, the SCA Marshal's Handbook, and this document.

3.1.3.1.9.4 Marshals must provide their names, addresses, phone numbers, email (if any), local group names, membership numbers, and membership expiration to the Earl Marshal. The Earl Marshal shall be notified when this information changes.

3.1.3.1.9.5 Marshals must complete the appropriate training program as set forth by the Earl Marshal.

3.1.3.1.9.6 If any officer with the authority (such as the event Autocrat, local, regional, or Kingdom Seneschale) removes sanction from an event, all warranted marshals must leave the site.

3.1.3.2 The Roles of the Marshal

There are three basic roles that a marshal may play at an event. They may be the Marshal In Charge of the event (MIC), they may be the Marshal In Charge of an activity, or they may be a regular marshal (*i.e.*, has no supervisory role).

The responsibility of each role is delineated below:

3.1.3.2.1 Marshal In Charge of an Event (MIC-Event)

The MIC-Event is the marshal who is listed on the event registration form filed by the autocrat with the Kingdom Chronicler. If the marshal listed on the event registration form is unable to fulfill this commitment, they must inform the autocrat and the group's Knight's Marshal as soon as possible. A new MIC must be identified and the event registration form updated.

- 3.1.3.2.1.1** The MIC-Event shall oversee all combat at an event (including official practices and published demos).
- 3.1.3.2.1.2** The MIC-Event must ensure that for each marshal related activity there is a marshal warranted in that discipline in charge of that activity.
- 3.1.3.2.1.3** The MIC-Event must submit an event report (See Event Reports).
- 3.1.3.2.1.4** Marshals who fail to properly handle their marshal-in-charge commitments will be removed from all marshal positions.
- 3.1.3.2.1.5** MIC-Events may set specialty parameters to certain battles as long as the parameters are within current rules and explained in writing in the event announcement or in flyers at the door.
- 3.1.3.2.1.6** For inter-kingdom events, changes to the conventions of either Kingdom must be published in both Kingdom newsletters as per Society Earl Marshal ruling.
- 3.1.3.2.1.7** MIC-Events must set scenarios, or delegate to a MIC-Discipline. Note that the event's Autocrat defines the general nature of the scenario; however, all details of the execution of the scenarios are in the purview of the MIC-Event and MIC-Discipline.
- 3.1.3.2.1.8** The MIC-Event must enforce all policies and conventions, and apply problem resolution as needed.
- 3.1.3.2.1.9** The MIC-Event must withdraw sanction from any event where the MIC-Event is unable to halt unsafe or illegal activity.
- 3.1.3.2.1.10** An MIC-Event must have:
 - A Marshal's Staff

- A Marshal's tabard (or other readily identifiable garment)
- High-impact eye protection, if missile weapon combat is involved
- A copy of this document
- A copy of the SCA Marshal's Handbook
- A copy of the SCA Rules of the List
- A Pen
- Paper
- A whistle on his/her person while on duty, if large melees are involved

3.1.3.2.1.11 The MIC-Event may not participate in any marshal-related activities at the event outside the role of MIC-Event.

3.1.3.2.2 Marshal In Charge of an Activity (MIC-Activity)

3.1.3.2.2.1 Each marshal related activity conducted at an event must have a MIC-Activity.

3.1.3.2.2.2 The MIC-Activity must be authorized to marshal that discipline.

3.1.3.2.2.3 The MIC-Activity must deal with any problems during the discipline activity. All problems rated significant or severe must be reported to the MIC-Event.

3.1.3.2.2.4 The MIC-Activity has the specific right to remove any participant from the Activity. This is to be treated as a severe problem and reported accordingly.

3.1.3.2.2.5 The MIC-Activity must conduct, or assign subordinate marshals to conduct, an inspection of the armor and weapons that will be used by all combatants prior to starting combat activities.

3.1.3.2.2.6 Before each activity, the MIC-Activity must ask the combatants if they have had their equipment inspected. If any equipment has not been inspected the participant must complete the inspection process before starting the activity.

3.1.3.2.2.7 The MIC-Activity must attempt a quick visual inspection of all equipment before commencing the activity. This is not always possible, and does not take the place of proper inspection procedures, or the responsibility of the user to maintain equipment in a compliant status.

3.1.3.2.3 Marshals assisting MIC-Activity

3.1.3.2.3.1 These Marshals must be warranted in the discipline over which they are officiating.

3.1.3.3 (Deleted and reserved for future policies)

3.1.3.4 Participants and Their Responsibilities

3.1.3.4.1 Definition:

All individuals who wish to participate in a marshaled combat discipline in Atlantia must either:

- 3.1.3.4.1.1** Have a permanent address within the borders of the Kingdom of Atlantia where the participant receives their Kingdom newsletter and is authorized by the procedures outlined in this document.
- 3.1.3.4.1.2** Be resident in a foreign Kingdom as defined by Corpora and properly authorized by the Marshals of that Kingdom. Visiting fighters must review with the MIC the Policies and Conventions that apply to the discipline in which they wish to participate.

3.1.3.4.2 Combat Participant Responsibilities

- 3.1.3.4.2.1** All participants must know and follow the current rules.
- 3.1.3.4.2.2** All participants must report to the Minister of Lists and either show proof of waiver on file with the Office of the Registry or execute a waiver.
- 3.1.3.4.2.3** The Marshals assume that all participants believe they are acting in a safe and courteous conduct at all times. It is the participant's responsibility to demonstrate this by his or her actions before, during, and after the activity.
- 3.1.3.4.2.4** All participants are responsible for conducting themselves in a controlled, courteous, and safe fashion at all times, and must accept the criteria of the Marshals for these characteristics.
- 3.1.3.4.2.5** Participants at events may only participate in activities that they are correctly authorized in, with the exception of authorizing activities.
- 3.1.3.4.2.6** At official practices, participants must either show proof of a waiver on file with the Office of the Registry or complete a waiver of liability and submit it to the MIC of the practice.
- 3.1.3.4.2.7** All participants must have all equipment that they plan to use that day inspected by a Marshal for the activity or the designated Inspecting Marshal (if there is one) before participating in that activity.
- 3.1.3.4.2.8** If the participant has a grievance, resolution will be conducted immediately after the activity by the MIC of that activity, and can be appealed to the MIC-Event by the aggrieved individual.

3.1.3.4.2.9 The participant must give truthful information in cases where reports must be made. Falsification of information may result in termination of all authorizations or other sanctions.

3.1.3.4.2.10 All participants, regardless of office or rank, must obey the directions of the Marshals while involved in a marshaled activity. (NOTE: This applies to marshals as well.)

3.1.3.5 Dishonorable Behavior

3.1.3.5.1 It is understood by the Marshals that all but a tiny fraction of participants in the marshaled activities participate in a spirit of honor, dignity, and chivalry. However, even with the best intent, participants may behave in a manner contrary to that spirit. It is the Marshal's responsibility to bring any such behavior to the participant's attention in such a fashion to indicate the above message. Repeated behavior of unsportsmanlike nature will result in sanction at the Marshal's discretion. Such unacceptable behaviors will include, but not be limited to:

- Verbally abusing or arguing with the Marshals, CCAs, MoLs, Chirurgeons, or Waterbearers
- Name calling/taunting of other participants
- Pushing or other physical contact
- Excessive swearing
- Spitting at another participant or a Marshal
- Purposefully delaying the activity by any method
- Throwing equipment in a fashion that indicates anger or loss of control
- Any other behavior the Marshal finds inappropriate on the field

3.1.3.6 Holds

3.1.3.6.1 When hold is called, every participant must cease the marshaled activity at once, place their weapons on the ground if applicable, and stand in place, or kneel if directed by the marshal, until directed otherwise by a marshal.

3.1.3.6.2 The marshal for some group combat activities may declare a "bubble hold" option before the activity begins. In a bubble hold, the marshal may direct participants around the cause for hold to act as informal line marshals, informing other participants who approach the bubble of the perimeter of the hold. Participants who are directed in this fashion must hold their equipment in a fashion that will indicate that they are not combat ready, *i.e.*, holding a bow horizontal or a sword by the blade.

3.1.3.7 Warrants

3.1.3.7.1 Prospective Marshals must undergo an apprenticeship in a specific discipline in order to supervise that discipline. This requirement may be waived or modified, at the Earl Marshal's or relevant

discipline Deputy Earl Marshal's discretion. The Earl Marshal's office encourages all marshals to cross train in as many disciplines as possible.

- 3.1.3.7.2** A Marshal may not be warranted in disciplines in which they are not authorized to participate. This requirement may be waived, at the Earl Marshal's discretion.
- 3.1.3.7.3** Warrants will be kept by roster by the Earl Marshal.
- 3.1.3.7.4** For Knight's Marshals, warrants will remain in effect for 2 years from the date of issue, unless the warrant is suspended or removed by the Earl Marshal, or another warrant is issued for that position.
- 3.1.3.7.5** Deputy Knight's Marshal warrants expire upon resignation or termination by the Earl Marshal.
- 3.1.3.7.6** Kingdom Deputy Marshals serve at the pleasure of the Earl Marshal.
- 3.1.3.7.7** The Earl Marshal must annually audit the roster, and any individual no longer meeting the required attributes of a Marshal will have his or her warrant terminated. The KEM must submit the roster of Marshals to the Crown once per reign. This will usually happen at Curia Regis, or at Coronation on request of the incoming Crown.

3.1.3.8 Reporting

3.1.3.8.1 Event Reports

An event report must be filed by the MIC-Event within 10 days of each event (except where required to file a special report earlier due to problem resolution) and must include the following information. Event reports must be filed in writing and must include any supporting documentation as necessary.

- 3.1.3.8.1.1** The name of the Marshal in Charge of the Event submitting the report, and the Minister of the Lists.
- 3.1.3.8.1.2** The name of all marshals (incl. apprentices) and the capacity in which they served.
- 3.1.3.8.1.3** A list of all authorization attempts including weapon form and result.
- 3.1.3.8.1.4** A description of marshal activities for the day, including disciplines represented and scenarios enacted, with an evaluation of the activities for success and safety.
- 3.1.3.8.1.5** A description of any injuries requiring professional medical services. This is in addition to the requirement for notifying the KEM within 24 hours.

3.1.3.8.1.6 A description of problems arising from combat related activities, including the name of offending participants, the nature of the offense, and the resolution. This report must include any decisions of the marshal's that were overturned by the Crown.

3.1.3.8.1.7 Any intervention by higher ranking Marshals (either invited by the MIC or unilateral on the part of the ranking Marshal).

3.1.3.8.2 Fighter Practice Waivers: Any waiver signed during the course of official local fighter practices shall be collected from the marshals-in-charge of fighter practices by the Knight's Marshal of the hosting group on a monthly basis.

3.1.3.8.2.1 All fighter practice waivers and a fighter practice waiver report form will be submitted by the Knight's Marshal of the hosting group to the Kingdom Waiver Secretary on a quarterly basis, in accordance with the following schedule: Quarterly fighter practice materials are due April 15 (for fighter practices held between January 1 – March 31); July 15 (April 1 – June 30); October 15 (July 1 – September 30); and January 15 (October 1 – December 31).

3.1.3.8.2.2 In the event that no fighter practice waivers have been collected at official local fighter practices, a fighter practice waiver report indicating this will be submitted by the Knight's Marshal of the group on the above schedule. An electronic fighter practice waiver report may be accepted at the discretion of the Kingdom Waiver Secretary in the event that no waivers have been collected.

3.1.3.8.3 Filing Reports

Reports may be filed by US Mail; UPS (or other delivery service which does not require a signature for delivery); by email to the Earl Marshal at EarlMarshal@atlantia.sca.org; or by a form in the appropriate section of the Atlantian Marshal's Website.

Reports may be filed by other methods on a case-by-case basis, but only with the approval of the Earl Marshal. These methods may include fax, same day delivery requiring signature, or hand delivery to the Earl Marshal.

3.1.3.8.4 Incident Reports

Anyone may file an incident report for any problem that they perceive in the execution of combat activities. This includes: reports by participants about marshals at an event, reports about participants by participants at an event, reports by marshals about participants outside events (specifically including practices announced in the group newsletter), and reports by marshals (other than the MIC-Event) concerning problems with other marshals. The

following guidelines govern incident reports:

- Incident reports must be filed within 10 days of the incident
- Incident reports must include the name of the filing individual
- The name of the offending individuals (if appropriate)
- The names of witnesses (if any)
- The specific description of the problem with a reference to Policy or Law to demonstrate the offense.

The Earl Marshal will evaluate the Incident report for action. If the Earl Marshal finds that the incident has merit, he will act on it as the equivalent of a "severe problem" as described in the section on Problem Resolution.

3.1.3.8.5 Deadlines

3.1.3.8.5.1 If a report is not turned in by the deadline, the marshal will be placed on suspension for a period of not less than 90 days, during which time s/he may not perform any marshal activities including (but not limited to):

- Authorizations
- Armor and weapon inspections
- Marshaling a fight
- Marshaling a practice
- Serving as MIC of any event

3.1.3.8.5.2 Following a second offense, the marshal's warrant will be revoked for a minimum of one year.

3.1.3.8.5.3 Failure to report may negate any sanctions or authorizations at the discretion of the Earl Marshal.

3.2 Section II - Problem Resolution

During all activities, the Marshals running that activity must enforce the rules governing participation. Infractions fall into one of three categories defined below. When a violation occurs, the marshal shall use the following guidelines to attempt to resolve the issue(s).

Ordinary: The vast majority of violations will be transitory single occurrences. These should be noted, but not be the subject of action during the activity. The marshal should discuss the problem with the individual or group after the activity ceases.

Significant: If there is a pattern of violations, or if there is a safety hazard, the marshal shall stop the activity, if it is a single bout. In a group activity, the marshal should pull the participant aside if possible without stopping the activity. Circumstances may make this inadvisable without a hold. Although it is desirable to allow activities to run while problems are resolved, this may not be allowed to compromise the need for safe management of the activity.

The Marshal will clearly, concisely, and courteously explain the violation to the combatant. The MIC of that activity may remove the combatant from participation in the duration of the activity, or from the next scheduled activity.

The Marshal will clearly communicate that the violation must not be repeated. The Marshal will inform the erring combatant that report of this action will be in the event report.

Severe: These are severe safety hazards, a continuing pattern of violations, or an injury requiring medical attention.

The MIC of an activity must order the participant to leave the activity area and prohibit that participant from any further activity either for that day or the duration of the event. In head to head competitive activity this is treated as a lost bout. In scored activities, the score accrued before ejection becomes null and void. During group activities, the activity continues without the sanctioned participant. (No resurrection allowed.)

In all three of the above situations, the MIC-Activity must inform the MIC-Event at the end of the activity about the violations and any actions taken. In the case of an injury, the activity must be stopped until the injured participant can safely be removed for medical assistance. If the injury requires off-site medical assistance, the MIC must record the name of the emergency service or hospital used in the MIC report. The MIC must inform the KEM within 24 hours by telephone.

3.2.1 MIC Responsibilities and Powers

The MIC-Event must assess any problems for immediate action.

3.2.1.1 The MIC must immediately record, on paper, all significant or severe problems and include them in the event report.

3.2.1.2 In the case of severe or continuing problems, the MIC may remove the participant from further participation in any activity for the remainder of the event.

3.2.1.3 If the MIC feels that the participant represents an ongoing problem or danger s/he must suspend the authorization of the participant.

3.2.2 Suspension

The suspension of any one Authorization by the MIC-Event will also be a suspension of a participant's authorization in all disciplines until resolution by the Earl Marshal.

3.2.2.1 The MIC-Event will physically take possession of the participant's authorization card.

3.2.2.2 If the combatant does not cooperate that is an additional violation.

3.2.2.3 The MIC must complete the event report immediately after the event.

3.2.2.4 The MIC must contact the Earl Marshal by email or telephone within two days of the end of the last activity of an event.

3.2.2.5 The MIC must send copies of the event report to both the Earl Marshal and Minister of Lists.

3.2.2.6 Suspensions last until lifted or replaced by the Earl Marshal.

3.2.3 Review and Investigation

3.2.3.1 The Earl Marshal will begin a review of any authorization suspension immediately upon receipt of the report.

3.2.3.1.1 The Earl Marshal may lift the authorization suspension.

3.2.3.1.2 The suspension may be left in place during further consideration.

3.2.4 The Earl Marshal may designate an investigator for serious rules violations.

3.2.4.1 The investigator will gather information and make recommendations.

3.2.4.2 This initial investigation must take less than 15 days.

3.2.4.3 After reviewing the investigator's recommendations the Earl Marshal will take any action at his/her sole discretion, including dropping the matter.

3.2.5 Marshal's Court

For the resolution of serious problems, the Earl Marshal may either convene a Marshal's Court or begin a summary problem resolution (see below).

3.2.5.1 The Earl Marshal may not unilaterally levy sanctions more severe than suspension without such sanctions being recommended by a Marshal's Court.

3.2.5.2 The Marshal's Court will consist of three to five marshals and may not include the Earl Marshal.

3.2.5.3 The Marshal's Court shall determine their deliberative process with due regard to Fairness.

3.2.5.4 The sanctions imposed by a Marshal's Court may include, but are not limited to, the following sanctions:

- An official reprimand. This must be paired with a required public written apology by the offending participant, which must be published in the Acorn.
- The suspension of all authorizations for a fixed period.
- Recommendation of the permanent revocation of all authorizations.
- The suspension of a specific weapon authorization for a fixed period.
- A restriction of activity, such as no melees.
- Recommendation of banishment, permanent or fixed period, from the lists.

- The revocation of a marshal's warrant.
- Probation: Probation may include special requirements to address the problem but the offender must agree to the conditions of the probation. The results of violations of probation must be specific.

3.2.5.5 Appeals of the Marshal's Court decisions may be appealed to the Society level.

3.2.5.6 The Marshal's Court may make the following recommendations (to the Crown):

3.2.5.6.1 A Court of Chivalry

3.2.5.6.2 A Court of Courtesy

3.2.5.6.3 Banishment of all types

3.2.5.6.4 Revocation of rank and awards.

3.2.6 Summary Problem Resolution

3.2.6.1 The Earl Marshal may involve the subject of an investigation in a summary resolution process.

3.2.6.2 The Earl Marshal and the subject must both agree to an open ended summary resolution. The subject agrees to an abbreviated process run directly by the Earl Marshal.

3.2.6.3 Fixed summary resolution results from an agreement between the Earl Marshal and the subject specifying the violations and the sanctions. The fixed summary resolution must be specified in writing and signed by both the Earl Marshal and the subject. There are no limitations on the terms of this problem resolution.

3.2.6.4 Once the subject and the Earl Marshal agree to either an open ended or fixed summary resolution, any Marshal's Court shall be terminated.

3.2.7 External Problems

3.2.7.1 Marshals at all levels may have to deal with problems beyond the combatants and the Marshals.

3.2.7.2 In all such cases the marshals are expected to work with the appropriate officers to resolve such problems.

Example: A child gets too close to the fighting. The first time, the marshal calls hold and directs the child out of the way. If the problem recurs, the marshal must find and counsel the parent. If the problem continues, the marshal must work with the autocrat to have the child removed from the area of the combat.

3.2.8 Complaints and Appeals

- 3.2.8.1** Complaints or grievances by marshals or participants must be submitted in writing within 15 days of the last activity of an event using an incident report form such as that furnished in the Reports Appendix or the Marshals Web Page.
- 3.2.8.2** Participants' appeals of sanctions must be made in writing, postmarked within 15 days of the MIC-Events sanction.
- 3.2.8.3** All submissions must be typed or printed out and must be signed and dated. Electronic submissions must be followed within 15 days of the last activity of an event by typed or printed copies which are signed and dated.

3.3 Section III - Training

3.3.1 Deputy Earl Marshal for Training

The proficiency of the Marshallate is one of the primary concerns of the Earl Marshal. In order to foster professionalism and competency, the Deputy Earl Marshal for Training (DEM-Training) position has been created. The DEM-Training shall be responsible for:

- 3.3.1.1** Creating and maintaining instructional material.
- 3.3.1.2** Planning and staffing the track of marshalling classes at each session of the University of Atlantia.
- 3.3.1.3** Working with the other Deputy Earl Marshals to be sure that the available curricula address the specific needs of that discipline.
- 3.3.1.4** Training senior marshals in the prepared materials to enable them to serve as instructors.

3.4 Section IV – Authorization

3.4.1 Armored Combat Authorization Procedures

- 3.4.1.1** Authorization is designed to ensure that all fighters are able to conduct themselves in a safe and courteous manner while on the field of combat.
- 3.4.1.2** The authorization process ensures that all fighters taking the field are conducting themselves according to a common standard.
- 3.4.1.3** This process also ensures the minimal level of proficiency necessary to ensure that they do not present a threat to themselves or anyone else on the field.
- 3.4.1.4** All combatants in tournaments and melees in Atlantia must be authorized in the weapons they wish to use.

3.4.1.5 Visitors to Atlantia may participate at Atlantian events if they go over the Atlantian rules with an Atlantian marshal before they compete.

3.4.1.6 Fighters with a valid authorization from another kingdom who move into Atlantia may trade in for an Atlantian authorization card. See the Policies of the MoL for the procedure.

3.4.2 Who May Become Authorized

3.4.2.1 To become authorized a fighter must meet the following requirements.

- Be at least 16 years old.
- Combatants under the age of 18 have additional authorization requirements described in the minor authorization procedures.
- Thorough familiarity with all weapon and armor standards, conventions of combat, and other rules concerning combat related activities in Atlantia.
- Complete an authorization.

3.4.3 Where Can Someone Go Through the Authorization Procedure

3.4.3.1 All armored combat authorizations will be held either at an SCA event or at fighter's practice.

3.4.3.2 Marshals wishing to conduct authorizations at practice must obtain prior permission to do so from the Deputy Earl Marshal for Armored Combat, and coordinate MOL support to insure all reporting standards, both for MICs and for MOLs, are adhered to.

3.4.4 When Can Authorization Occur

3.4.4.1 Authorizations can be held at any time during the course of the event. When a combatant authorizes during an event they may participate in subsequent activities as allowed by their new authorization.

3.4.5 Marshals

3.4.5.1 At least one of the marshals must live in a different local group from the candidate. If the candidate lives in a barony, at least one of the marshals must live outside that barony.

3.4.5.2 At least one marshal MUST be authorized in the applicable weapons form.

3.4.5.3 Inspect the armor and equipment of all personnel participating in the authorization process.

3.4.5.4 Test the knowledge of the candidate regarding the applicable rules governing combat in Atlantia.

3.4.5.5 The knowledge test should include questions applicable to the weapons being used in the authorization.

3.4.5.6 Inform the participants in the authorization of how the authorization is to be conducted.

3.4.5.7 Ensure that both combatants' armor is legal.

3.4.5.8 Neither of the marshals may be fighters who regularly practice with the candidate.

3.4.5.8.1

3.4.6 Authorization for Minors

In order for anyone who is 16 or 17 years old to become an authorized fighter in Atlantia outside of Youth Combat, the following procedure must be followed.

3.4.6.1 The candidate must have either a Minor waiver on file at SCA Corporate Headquarters (blue membership card) or must complete a SCA 'Minor's Consent to Participate and Hold Harmless Agreement (General Waiver for Minors)'.

3.4.6.2 For a minor to fight or even practice, either a parent or legal guardian shall be present, or someone holding a notarized Medical Authorization for Minors granting them authority to approve medical treatment shall be present.

3.4.6.3 During early training, those who are running the practice must make careful determination as to the minor's physical and emotional maturity. The variations among minors are considerable. At this age, many are unready, either physically or emotionally, for SCA combat. The marshals must be conservative in this respect. If there is any question, remember that if the minor is truly emotionally ready, they will not react inappropriately to being told to wait a year. If the marshal is not sure that the minor is ready, they must be told to wait a year.

3.4.6.4 The local marshal will arrange for at least one of the parents or legal guardians to observe the fighting practice. Every attempt should be made to ensure that the parents leave with a familiarity with SCA fighting.

3.4.6.5 The minor must attend at least one fighting event before the event at which the minor attempts to authorize.

3.4.6.6 The parents or legal guardians shall be asked to come to an event before authorization.

3.4.6.7 A standard authorization will be conducted with at least one of the officiating marshals being the Earl Marshal or designated Deputy Earl Marshal.

3.4.6.8 All of the paperwork involved in the minor's authorization must be reviewed by the Earl Marshal or designated Deputy Earl Marshal before being processed by the Minister of Lists.

3.4.6.9 The front half of the helms and masks of sixteen and seventeen year olds who participate in combat activities, either as armored, rapier or equestrian combatants, combat archers or siege engineers, must be clearly marked

with three green dots, no less than 1" in diameter, arranged in a triangular formation forming a trefoil.

3.5 Section V - Weapons and Armor Standards

3.5.1 All equipment on the field of combat will be inspected for compliance with Kingdom Law section 10.1.4, which requires items to present a period appearance. For specifics and examples of this requirement, please refer to the Earl Marshal's Web Site – <http://marshal.atlantia.sca.org/>.

3.5.2 Armored Combat Weapons and Armor Standards

3.5.2.1 Armor Regulations. Atlantia uses the SCA regulations without additions.

3.5.2.2 Armor Inspections. All participants must have their arms and armor inspected by a warranted marshal before participating in combat at each event, practice, or other official activity.

3.5.2.3 Weapon Inspections. The marshal in charge of each bout should visually inspect weapons before each bout unless they are using a method of marking already inspected weapons. Questionable weapons must be physically inspected prior to combat commencing. For simple swords, these checks should be extremely brief. Marshals should pay more attention to padded weapons and thrusting tips.

3.5.2.4 Weapon Regulations. Atlantia uses the SCA regulations with the following additions:

3.5.2.4.1 Polearms

3.5.2.4.1.1 A polearm shall be constructed so as to emulate a medieval example. Allowable examples of a medieval emulation would be a padded head in the form of a period weapon, or a split-rattan head in the form of a period weapon.

3.5.2.4.1.2 Atlantia defines an excessively flexible polearm as one that allows the head of the weapon to strike a telling blow to a target despite the intercession of an unyielding block to the haft of the weapon.

3.5.2.4.2 Greatswords

3.5.2.4.2.1 Greatswords must be 6' or less in overall length

3.5.2.4.2.2 The grip must be 18" or less.

3.5.2.4.2.3 The portion of the great sword above the quillons (called a ricasso) may be left without edge markings and therefore can be grasped.

3.5.2.4.3 Spears may not be more than 9 feet long overall.

3.5.2.4.3.1 Mandrake style 2" tips are no longer acceptable as thrusting tips on fiberglass spears. Section VII-D-5 of the Society's Marshal's Handbook is no longer valid in Atlantia.

3.5.2.4.4 Offensive shields are prohibited

3.5.2.4.5 During combat, the blade of the sword may not be grasped. Also the striking surface of a mass weapon or thrusting tip may not be grasped.

3.5.2.4.6 Single-handed weapons shall not be constructed so as to place a thrusting tip or butt spike within four inches of a rigid structure such as a basket hilt, metal pommel, or steel-gauntleted hand.

3.5.3 Combat Archery Weapons and Armor Standards

3.5.3.1 Armor Regulations.

3.5.3.1.1 Armor standards for combat archers are the same as those for armored combat participants except that Demi Gauntlets may be worn on one or both hands in place of the full Gauntlets.

3.5.3.1.2 When utilized in conjunction with rapier combat, rapier armor standards shall apply. This removes the white diamond rules.

3.5.3.2 Weapons Regulations.

All combat archery weapons (including projectiles) must meet the requirements of the SCA Missile Combat Rules. The following additional requirements apply in Atlantia:

3.5.3.2.1 Arrows/bolts may have a base construction of a fiberglass shaft or Siloflex tubing as described in the SCA Marshals Handbook. All fiberglass shafts must be longitudinally covered with a filament strapping tape and are required to have an 'approved' Anti-Penetration Device (APD) IAW the Society Marshal's Handbook. Shafted arrows/bolts are not required to have APDs when used in Rapier Combat.

3.5.3.2.2 Fiberglass shaft arrows/bolts may utilize Baldar Blunt, CUBB and UHMW heads. CUBB and Baldar blunts shall not be used in Rapier Combat. All ammo used on the rapier field shall have no less than 1 inch of resilient padding after taping. This must be added in front of the blunt and be at least the same diameter as the blunt.

3.5.3.2.3 Siloflex arrows may be gleaned and fired again. A warranted marshal must inspect all other arrows prior to reuse. All arrows shall

be clearly marked for identification with the name of the user, home branch and kingdom

3.6 Section VI - Conventions of Combat

3.6.1 Conventions of Combat for Armored Combat

3.6.1.1 Target Areas.

3.6.1.1.1 Torso: All of the torso above the point of the hips including the shoulder blades and the area between the neck and shoulder will be considered part of the torso.

3.6.1.1.2 Face: The area between the collarbones and the mid brow and between the side burns.

3.6.1.1.3 Head: The whole head and the neck except the face (as defined above).

3.6.1.1.4 Hips: Begin with a line even with the bottom of the groin up to the point of the hip.

3.6.1.1.5 Thighs: The leg from one inch above the top of the knee up to a line even with the bottom of the groin.

3.6.1.1.6 Shoulder: From the point of the shoulder down to a line even with the top of the underarm.

3.6.1.1.7 Arms: From the shoulder to one inch above the wrist.

3.6.1.2 Targeting.

3.6.1.2.1 Blows landed outside the target areas need not be counted.

3.6.1.2.2 A fighter may not intentionally strike areas outside the target areas.

3.6.1.2.3 A fighter may not intentionally strike with the non-striking surface of a weapon (haft, hilt, etc.).

3.6.1.3 Telling Blows.

3.6.1.3.1 A blow that strikes a legal target area with telling force will be acknowledged.

3.6.1.3.2 Telling force is determined by evaluating the blow against the SCA standard of fully armored.

3.6.1.3.3 Fully armored is interpreted to mean wearing authentic medieval armor consisting of an open-faced helm and a fully riveted chain mail hauberk covering the torso, shoulders, and thighs. The arm and leg armor is covered by boiled leather armor. Blows that would incapacitate through this armor are telling blows.

- 3.6.1.3.4 The exact force level necessary to meet this standard is determined by each fighter but must be within the normal range defined by all Atlantian fighters.
- 3.6.1.3.5 Missile weapons must strike the same targets as thrusting weapons. But, any contact from a projectile is considered a telling blow.
- 3.6.1.3.6 Blows striking a weapon or shield before striking a target will be considered a telling blow if the force of the blow after striking the intervening shield or weapon is sufficient to be a telling blow.
- 3.6.1.3.7 Blows in which the weapon is dropped upon impact may be discounted.
- 3.6.1.3.8 Blows in which a weapon strikes a combatant because it physically breaks upon striking the shield or defensive weapon need not be counted.
- 3.6.1.3.9 Blows struck with the non-striking portion of the weapons shall not be counted (haft, hilt, etc.).

3.6.1.4 Results of Telling Blows.

- 3.6.1.4.1 Telling blows to the face, head, or torso are considered killing.
- 3.6.1.4.2 Telling blows from a swung mace, great sword, or pole arm to the hip or shoulder are killing.
- 3.6.1.4.3 All other blows are wounding blows.
- 3.6.1.4.4 Projectiles have the same effect as thrusts.
- 3.6.1.4.5 Thrusts to the head, outside of the face, are not telling blows and need not be counted.

3.6.1.5 Death.

- 3.6.1.5.1 After receiving a killing blow the fighter will cease throwing blows.
- 3.6.1.5.2 After **receiving a killing blow the fighter will fall to the ground or in some other way clearly indicate he has been defeated.**
- 3.6.1.5.3 In single combat the bout is ended after a killing blow (except double kills).
- 3.6.1.5.4 When both fighters, in a one-on-one bout, are killed, they either fight the bout over starting from mutually un wounded conditions or, both take the bout as a loss, depending on the scenario.

3.6.1.6 Wounds.

- 3.6.1.6.1** Wounding blows to the shoulder or arm will cause the loss of the use of that arm.
- 3.6.1.6.2** The wounded arm may not be used to block or throw blows.
- 3.6.1.6.3** A second telling blow to that arm or shoulder will be a killing blow.
- 3.6.1.6.4** Wounding blows to a thigh or hip will cause the fighter to fight from his knees.
- 3.6.1.6.5** The fighter must keep one knee on the ground unless he hops.
- 3.6.1.6.6** Hopping is allowed if the fighter puts no weight on the wounded limb.
- 3.6.1.6.7** Hopping is frequently used to throw one blow after being dealt a wounding blow.
- 3.6.1.6.8** This must be done without putting any weight on the wounded limb.

3.6.1.7 Interruptions.

- 3.6.1.7.1** Any blow started before any interruption of combat (such as death or a hold) will count as if they landed before the interruption.

3.6.1.8 Starting Combat.

- 3.6.1.8.1** Combat will be started when the marshals call lay-on.
- 3.6.1.8.2** Except special scenarios fighters should start fights well out of range.

3.6.1.9 Holds.

3.6.1.9.1 Effect of a Hold

- 3.6.1.9.1.1** All combatants must immediately cease throwing blows.
- 3.6.1.9.1.2** They must stop moving about the field.
- 3.6.1.9.1.3** Fighters should not drop their guard until all fighters have stopped throwing blows.
- 3.6.1.9.1.4** Combatants may call Hold when any unsafe situation develops. For example, a fighter should call hold if his helm comes off.

3.6.1.9.2 Calling a Hold

- 3.6.1.9.2.1** In single combat, hold will be called when a fighter is not capable of defense. In single combat, defenseless is defined as having no weapons in hand.

3.6.1.9.2.2 If a fighter falls, or if any portion of a hand, arm, or a part of the upper torso or head touches the ground the fighter is considered defenseless. A fighter who feels that he is not defenseless in any of the above conditions may ask the marshals not to call hold in a specific circumstance. If the marshal feels that the request would not create a dangerous situation he will not call hold in the specified situation.

3.6.1.10 Use of Weapons.

3.6.1.10.1 All weapons to be used in a particular bout of single combat will be declared to the opponent and the marshal before the fight.

3.6.1.10.2 If an auxiliary weapon is carried in such a way as to prevent proper acknowledgment of a blow, any blow striking the weapon will be considered a telling blow to the area that would have been hit.

3.6.1.10.3 Except for the proper use of a weapon, grasping, pushing, or striking an opponent is not allowed.

3.6.1.10.4 Striking, pushing, or pressing an opponent's shield with a hand, weapon, or shield is allowed.

3.6.1.10.5 If the opponent has an edged weapon, striking, pushing, or pressing an opponent's weapon's striking portion (regardless of the orientation of the edge) with any part of the body (for example grabbing a sword with the hand) is not allowed.

3.6.1.10.6 Weapon strikes with excessive force are not allowed. Blows with force levels that significantly exceed that necessary to be a telling blow, and significantly increase the chance of substantial injury are blows with excessive force.

3.6.1.11 Helms.

3.6.1.11.1 If a fighter's helm comes off or their visor opens during combat, the fight will be stopped and combatant declared dead. The combatant may not fight again until some steps have been taken to prevent a recurrence of the problem. A marshal will inspect the helm before it is used again.

3.6.1.12 Engagement. These rules apply to melee combat only. In one on one combat fighters are always considered to be engaged.

3.6.1.12.1 A fighter may only attack opponents they are engaged with.

3.6.1.12.2 To engage an opponent a fighter must establish eye contact and be in front of the opponent.

3.6.1.12.3 A fighter may not attack an opponent that cannot see them.

3.6.1.12.4 All fighters must attempt to engage all fighters who are attempting to engage them. The simplest way to meet this requirement is to back up until all those attempting to engage are in front of the fighter they are trying to engage.

3.6.1.12.5 If a combatant is engaged and then turns their back, or if they are charging past an opponent, the opponent may throw one blow immediately after the combatant turns away.

3.6.1.12.6 After that, contact has been broken and the combatant must be engaged again.

3.6.1.12.7 A defenseless combatant may not be struck. In melees, defenseless is having no weapons and no shield in hand.

3.6.1.12.8 **An otherwise defenseless person who remains an active participant within a melee by actions such as staying in the line, grabbing spears or blocking enemy movement, etc. will not be considered defenseless and may be stuck.**

3.6.1.13 Melees. Individual battles may have their own particular rules and conventions besides those stated in this document as long as those rules do not conflict with any of the rules governing combat.

3.6.1.13.1 No more than four fighters shall attack a single opponent.

3.6.1.13.2 When a fighter is a member of a formed unit (like a shield wall) that is fighting another formed unit, they may strike and be struck by any opponent in that unit. If a breakthrough occurs in a segment of the unit, fighters in that segment may both attack and be attacked by passing opponents.

3.6.1.13.3 A fighter who is struck a telling blow by someone on their side must acknowledge the blow.

3.6.1.13.4 A hold will not be called for fighters who lose their weapon in melee.

3.6.2 Conventions of Combat for Combat Archery

3.6.2.1 The legal target area for projectile weapons shall be same as any thrusting weapon that is legal in a given scenario. Exception: At the discretion of the MIC, projectile strikes to the face may be made legal, even in scenarios where face thrusts are prohibited.

3.6.2.2 Archers shall not fire at a combatant if the arrow/bolt cannot leave the bow before contact with the target. For rapier combat, crossbows shall not fire at a combatant at a range of less than 15 feet.

3.6.2.3 On the cry of hold or when slain, all arrows will be uncocked, and crossbows will be uncocked.

- 3.6.2.4** Any projectile that strikes a legal target area, unimpeded and point first, shall be considered as telling. Any projectile that is blocked, deflected, or which strikes in any manner other than point (or edge) first need not be counted.
- 3.6.2.5** Any bow which is struck by a projectile or melee weapon shall be considered as broken and unusable until a qualified marshal inspects the bow. A qualified marshal is a warranted combat archery marshal or a warranted target archery marshal. This marshal may not be the active user of the bow needing inspection.
- 3.6.2.6** Reserved
- 3.6.2.7** For rapier combat, rapier conventions of combat are to be used.
- 3.6.2.8** A combat archer (or any other combatant) may yield. If a combatant yields, then he should not be touched.
- 3.6.2.9** Engagement with missile weapons: An archer need not have eye contact with an opponent in order to shoot at them, but should be able to see their face or the front of their body when targeting them. Inadvertent strikes in the back (such as when the target turns away after the missile is loosed, or when the missile strikes an unintended enemy or friendly target) still count if they are recognized, but it should be expected that, in some cases, the target may not realize they have been struck.

3.7 Section VII – Equestrian Atlantia follows all standards set by SCA policy with the following additions and changes:

3.7.1 The Deputy Earl Marshal of the Horse

- 3.7.1.1** The Kingdom Equestrian Officer (KEO) shall be known in Atlantia as the Deputy Earl Marshal of the Horse. The KEO is a deputy of the Kingdom Earl Marshal of Atlantia and shall be warranted by the Kingdom Earl Marshal and The Monarchs of Atlantia.
- 3.7.1.2** The Deputy Earl Marshal of the Horse (KEO) will oversee the training and warranting of cavalry marshals as well as maintaining a roster of qualified cavalry marshals for events, and a roster of qualified instructors for the required Atlantian cavalry classes.
- 3.7.1.3** The KEO defers all regulation of the authorization documentation to the office of the Kingdom Minister of the List (KMOL), who will issue and track all paperwork necessary for equestrian authorizations.

3.7.2 Regional Cavalry Marshals

- 3.7.2.1** The KEO will warrant a regional marshal for the North Eastern (MD), North Central (VA), Central (NC) and Southern (SC, Augusta, GA) regions of Atlantia, as needed. These shall be known as Regional Cavalry Marshals.

3.7.2.2 The Regional Cavalry Marshals will be responsible for coordinating cavalry activities and events in their region to ensure that each activity and event that include horses are staffed with the necessary marshals and that all regulations are followed.

3.7.2.3 The Regional Cavalry Marshals will also be responsible for assigning a mentor for the MITs in their region. Mentors must be warranted marshals and must agree to mentor the MIT.

3.7.3 Equestrian Marshal-in-Charge (EqMiC)

3.7.3.1 The EqMiC at an event must be a warranted equestrian marshal. The EqMiC is responsible for equestrian activities at the event and all reporting requirements relating to the event. Reporting shall be done as per the requirements of the Earl Marshal of Atlantia.

3.7.3.2 Mounted archery activities can only be conducted by a Mounted Archery Marshal. Equestrian combat activities (Jousting, Mounted Combat, Mounted Crest Combat) can only be conducted by a Cavalry Marshal authorized to run these equestrian combat activities (i.e. an equestrian combat marshal).

3.7.3.3 EqMiCs shall work with event autocrats to arrange for the required additional insurance a minimum of 60 days before an event that includes horses.

3.7.3.4 A warranted equestrian Marshal must be on-site at all times in which equines are present. If the EqMiC must leave the site, a cavalry marshal of sufficient experience must be appointed to act in the place of the EqMiC, in all respects, until the EqMiC returns.

3.7.4 Equestrian Marshal Regulations (Cavalry Marshals)

3.7.4.1 Cavalry marshals and cavalry marshals-in-training must attend a Cavalry Marshal class or Unevent session once every two years. The KEO may waive the Cavalry Marshal class in lieu of attending a Cavalry Marshal Seminar (weekend gathering to discuss rules and train marshals).

3.7.4.2 Becoming an Equestrian Marshal

3.7.4.2.1 All cavalry marshals will have completed the steps in the Marshal-in-training program (policy section 3.1.3.1.7 above) as required by the Atlantian Earl Marshal before being warranted.

3.7.4.2.2 Marshals in Training (MiTs) will be responsible for asking for a mentor for the period of training. The mentor shall be a senior equestrian marshal the MIT can work with on a regular basis (i.e. running local practices and events). Mentors must be warranted equestrian marshals and must agree to mentor the MiT.

3.7.4.2.3 Mentors are responsible for updating the regional marshal on the progress of the MiT.

- 3.7.4.2.4** The prospective Marshal-in-Training (MiT) will be responsible for holding onto their training paperwork until the MiT is ready to be warranted. Upon such time as the MiT is ready to be warranted, the MiT and their mentor shall turn in the paperwork to the KEO or the marshal designated by the KEO for taking MIT paperwork.
- 3.7.4.3** The warranted cavalry marshals will supervise the activities of all ground crew and cavalry marshals-in-training to help insure their safety.
- 3.7.4.4** All warranted cavalry marshals can marshal riding and lancer level activities.
- 3.7.4.5** Mounted Archery Marshals must complete the following before becoming warranted to run mounted archery activities:
 - 3.7.4.5.1** Take the Archery Marshal 101 class

 - 3.7.4.5.3** Assist with planning, range set-up, and running mounted archery shoots at 3 events. The intent is for the MiT to assist with all 3 aspects: the planning, the range setup, and running of the shoot.
- 3.7.4.6** Equestrian Combat Marshals (for marshaling jousting, mounted combat, and mounted crest combat) must complete the following before becoming warranted to run equestrian combat activities:
 - 3.7.4.6.1** The marshal must: Train under an authorized equestrian combat marshal and assist in running 6 activities. Within these 6 activities, the marshal must train in both jousting and either mounted combat or mounted crest combat. Each activity must have a minimum of 2 training sessions. Multi-day events will count as one training activity per day.
 - 3.7.4.6.2** Once the training is complete, the KEO must receive the training paperwork and will determine final approval for the equestrian combat activity marshal authorization.
- 3.7.5** Ground Crew and Rider Responsibilities
 - 3.7.5.1** Anyone who plans to step out onto the Cavalry List field while horses are present or in the call-forward area must complete a ground crew authorization. Blades may not be altered by filing, cutting, heating, hammering, or other such actions that could significantly alter their temper, flexibility, or durability. Normal combat stresses and blade care do not violate this rule. The tang of the weapon may be altered to facilitate attaching handles, hilts and/or pommels.

3.8.5.5.1.9 Blade ends must be capped with a manufactured rubber or plastic tip. These tips will be at least 3/8 inch (9mm) in diameter. They will be firmly affixed to the blade and be taped at the base with tape of a color contrasting with the blade and the tip.

3.8.5.5.1.10 Blades with serious defects, such as kinks, sharp bends, cracks, or irrecoverable "S" bends shall not be used.

3.8.5.5.2 Secondary Devices: Shall consist of two types: Offensive secondaries and Defensive secondaries. Defensive secondaries will be a separate authorization from offensive secondaries.

3.8.5.5.2.1 Offensive Secondaries: a device used in addition to the rapier blade to deflect an opponent's weapon and/or secondary that may also be used to attack an opponent. This requires a separate authorization. These include but are not limited to:

3.8.5.5.2.1.1 Dagger: a long knife that must be constructed so as to meet the rules for bladed weapons.

3.8.5.5.2.1.2 Case or second rapier: using two rapiers, one in each hand.

3.8.5.5.2.1.3 All other offensive secondaries will be considered non-standard and must be approved by a marshal designated by the Kingdom Youth Rapier Marshal in addition to the regular inspection process.

3.8.5.5.2.2 Defensive Secondaries: a rigid or non-rigid item used in addition to the rapier blade to deflect an opponent's weapon and/or secondary. This requires a separate authorization. These include but are not limited to:

3.8.5.5.2.2.1 Bucklers: A small, rigid shield. A buckler shall be constructed of lightweight, sturdy materials, resistant to splintering and breakage. Division 2 bucklers must have padded edges.

3.8.5.5.2.2.2 Cloaks: a non-rigid item that must be recognizable as a cloak, though the size, weight, and shape are left to the discretion of the user. They may be weighted using soft hem weights such as rolled cloth or rope. Metal or rigid weights or fastenings are not allowed for weighting the hem.

3.8.5.5.2.2.3 All other defensive secondaries will be considered non-standard and must be approved by a marshal designated by the Kingdom Youth Rapier Marshal in addition to the regular inspection process. Any other secondaries used for Division 2 must be padded.

3.8.5.5.3 Any weapon or secondary that is likely to seriously injure a combatant or to entangle, break, or otherwise damage equipment is prohibited. Thus, equipment with small, rigid openings large enough to admit a tipped foil or epee may not be used.

3.8.5.6 Marshaling

A. Marshals for Youth Rapier exist within the structure established under the Crown and Earl Marshal of Atlantia. All marshals for Youth rapier activities are warranted, have authority and are expected to conduct

themselves as warranted marshals of this Kingdom, according to Kingdom Law and the Policies of the Earl Marshal.

3.8.5.6.1 Youth Rapier Marshals: The Kingdom Youth Rapier Marshal will be responsible for issuing Youth Rapier Marshal and Junior Youth Rapier Marshal warrants.

3.8.5.6.1.1 A warranted Youth Rapier Marshal is a person at least age 18 who in addition to their reporting duties as a kingdom or at-large officer:

- 1) Is an authorized Youth Rapier Marshal
- 2) Is allowed to teach the pre-authorization class
- 3) Is allowed to authorize youth combatants in all weapon combinations
- 4) It is strongly suggested that a Youth Rapier Marshal have a current authorization to marshal Adult Rapier combat.

3.8.5.6.1.2 A Junior Youth Rapier Marshal is a person aged 14-17 authorized to, under supervision of a Youth Rapier Marshal:

- 1) Marshal on the field of Youth Rapier combat
- 2) Inspect weapons and armor for Youth Rapier combat

3.8.5.6.2 Marshallate responsibilities

3.8.5.6.2.1 All Youth Rapier Marshals and Junior Youth Rapier Marshals are required to attend prewarranting classes. These consist of Field Marshal 201, the Rapier Marshal 101 class, and the appropriate youth marshal class(es).

3.8.5.6.2.2 At least one (1) Youth Rapier Marshal must be present for any practice bouts.

3.8.5.6.2.3 At least (1) Youth Rapier Marshal and one other Youth Rapier Marshal, Junior Youth Rapier Marshal or Marshal-in-training must be on the field for any tournament rapier bout. (The Adult Rapier Marshal warrant is NOT a substitute for the Youth Rapier Marshal warrant.)

3.8.5.6.2.4 Rapier marshals are responsible for combat safety. This includes, but is not limited to, checking weapons and equipment, observing combat, warning a combatant of inappropriate or dangerous actions, disallowing dangerous weapons, and, if necessary, removing a combatant from the field.

3.8.5.6.2.5 The marshals on the field are expected to take an active role in safety, sportsmanship, and assistance with blow calling.

3.8.5.6.2.6 Before any combat, Youth Rapier Marshals, in the presence of the parent or legal guardian, must inspect the gear of all the participants to ensure it is safe and functional. Before each bout the responsible adult and the marshal(s) on the field

should take a moment to glance over each participant to be sure their equipment is properly in place and to assure that no real weapons are carried on the field.

3.8.5.6.2.7 The inspecting marshals will reject any weapons not following these rules or any equipment they feel is unsafe.

3.8.5.6.2.8 Combat Marshalling.

3.8.5.6.2.8.1 One (1) of the Youth Rapier Marshals on the field will be the designated MIC and the other marshal(s) on the field will be assisting marshal(s).

3.8.5.6.2.8.2 It is suggested to allow Junior Youth Rapier Marshals as much control and authority over combat as possible, however the final responsibility on the field is with the MIC.

3.8.5.6.2.8.3 Any adult marshal may override the decision of a Junior Rapier Marshal.

3.8.5.6.2.9 Before the marshals may begin a bout, they must receive a verbal acknowledgment from each participant declaring their readiness to begin.

3.8.5.6.2.10 Anyone who sees an unsafe situation on the field must call "Hold." The marshals should see that the problem is corrected before continuing.

3.8.5.7 Responsibilities of Parents/ Legal Guardians

3.8.5.7.1 Parents/legal guardians are to understand this is a contact sport and that injuries may occur.

3.8.5.7.2 The responsible adult, per 3.8.3.1, is to behave in a courteous and responsible manner at all times.

3.8.5.7.3 The parents/legal guardians are urged to become an authorized Youth Rapier Marshal so that they can work closely with their child in this activity.

3.8.5.7.4 The parents/legal guardians are responsible for their child's safety, with the Youth Rapier Marshals guiding the armoring/safety process.

3.8.5.7.5 The parents/legal guardians are required to read and understand these rules and standards and are to make sure that their child follows them.

3.9 Section IX - Target Archery

3.9.1 Atlantia uses the Society Target Archery Rules, found at: <http://sca.org/> with the following changes & clarifications:

3.9.2 Equipment Standards

3.9.2.1 Marshals may make exceptions to the equipment standards on a temporary basis for new archers & children. These exceptions must be reported to the Deputy Kingdom Earl Marshal for Target Archery. No one falling under these exceptions can win a competition or score official rounds.

3.9.2.2 Compound bows and compound crossbows are not allowed.

3.9.2.3 Center-shot crossbows are not allowed. A center-shot crossbow is where the bolt passes through the prod, or between two parts of a split prod. It does not matter how little of a center-shot this is.

3.9.2.4 Non-period trackless crossbows are not allowed. Trackless crossbows have their string suspended in mid-air, and do not ride on a shelf.

3.9.2.5 Crossbows with a modern pistol grip, modern rifle or air-rifle-style stock are not allowed.

3.9.2.6 Bow quivers (ones that attach to the bow or crossbow) are not allowed.

3.9.3 Procedure & Marshalling Standards

3.9.3.1 Equipment Inspection

3.9.3.1.1 At all SCA activities, bows & ammo must be inspected by the marshal in charge or their designee before being used.

3.9.3.1.2 Hand bows should be brought to the marshal unstrung. Crossbows can be left strung.

3.9.3.1.3 At an event with 20 or more archers, stickers shall be used to mark bows that have been inspected.

3.9.3.1.4 Marshals shall not inspect their own equipment, unless they are the only marshal present.

3.9.3.2 Safety Zones

3.9.3.2.1 Safety zones need to be clearly marked off. However, visually obvious safety zones (such as a field full of targets with ample space between them), are allowable.

3.9.3.2.2 At a minimum, each shooting station will have a safety zone that extends 30 degrees from each end of the shooting line to a line even with the furthest target, or 50 yards, whichever is closer. The zone will then extend straight back from those points for 40 yards, or half the distance from the shooting line to the target, whichever is greater. A larger safety zone is recommended if possible.

- 3.9.3.2.3** Physical barriers such as a hill, permanent solid backstop, a wall, etc can be used to reduce the amount of safety zone needed. However, the barrier must completely cover the safety zone in order to count. A small barrier that could be shot around is not sufficient.
- 3.9.3.2.4** Archery netting can not be used to reduce safety ranges, but is encouraged to help archers recover missed arrows.
- 3.9.3.3** Bows & Crossbows may not be carried downrange.
- 3.9.3.4** A marshal may shoot while marshalling upon their own discretion based upon the current situation.
- 3.9.3.5** The Atlantian Royal Round is used as the official ranking system of Atlantian archers. Specific rules on running this shoot, and recording the scores, are found at the Kingdom Archery website: <http://archery.atlantia.sca.org/>
- 3.9.3.6** An archery marshal from each local group must send reports quarterly about the state of archery within their group, and after each event to the Deputy Kingdom Earl Marshal for Target Archery.
- 3.9.4** Traditional Rulings. Archery has a long tradition in Atlantia. Many standards have developed that archers are used to obeying. When these standards are changed without warning, situations may occur. Therefore, the following rulings shall be considered always in effect, UNLESS the marshal running the particular shoot specifies otherwise. Marshals are encouraged, but not required, to publish any changes to these rulings in advance.
- 3.9.4.1** Archers are to straddle the shooting line. Those that sit, kneel, etc are to keep the point of their ammo in the same line as the standing archers when at full draw.
- 3.9.4.2** When an arrow breaks or just touches a dividing line between two scoring zones on a target, it should be scored in the archer's favor.
- 3.9.4.3** On speed/timed shoots, the call to shoot shall begin with the command 'loose', and end with the command 'hold'. Archer's may fire from the 'L' of loose, to the 'D' of hold. For each arrow let loose before or after this timing, the archer will forfeit the highest scoring arrow on the target.
- 3.9.4.4** During a timed shoot that calls out multiple targets, the archer may loose a shaft at the last target called until the next target is called. This means that an arrow might be fired at the first target then hit after the second target has been called, but still be considered good.
- 3.9.4.5** When archers are grouped by their Atlantian Rank, it is by the archer's current average (not permanent rank) for the bow type that the archer is shooting that day. An archer who knows that they are shooting better than their current average indicates, may wish to let the marshal know this and place them in a higher category.
- 3.9.4.6** Archers are allowed to switch bows during a competition.

3.9.4.7 Firing more than one shaft at a time is allowed. Archers must demonstrate competency in this technique to the marshal prior to performing it.

3.10 Section X - Thrown Weapons

3.10.1 Thrown Weapon regulations are per the Society regulations, which can be found at <http://www.sca.org>.

3.11 Section XI - Rapier Combat

3.11.1 Rapier Authorization Procedures

3.11.1.1 Authorizations will be conducted under the following conditions:

3.11.1.1.1 All authorizations will be held at an SCA event or at an SCA fighter practice.

3.11.1.1.1.1 Authorizations may be held at a fighter practice only with the prior permission of the Deputy Earl Marshal for Rapier Combat.

3.11.1.1.1.2 Marshals shall ensure that an MOL is present to support the authorization.

3.11.1.1.2 A two-marshal team will run the authorization and shall satisfy the following requirements:

3.11.1.1.2.1 At least one of the marshals must live in a different local group from the candidate. If the candidate lives in a barony, at least one of the marshals must live outside that barony.

3.11.1.1.2.2 Neither the marshals nor the usher may be fighters who regularly practice with the candidate.

3.11.1.1.2.3 Both marshals shall be authorized in the form being attempted.

3.11.1.2 In order to authorize, a Rapier fighter must demonstrate the following:

3.11.1.2.1 Comprehension and application of the SCA Rules of the List, SCA Rapier Marshal's Handbook, and the Rapier Combat section of The Atlantian Book of Policy.

3.11.1.2.2 Ability to properly execute and acknowledge various valid blows.

3.11.1.2.3 Safe and competent execution of offense and defense during actual combat.

3.11.1.3 Fighters from other kingdoms shall participate as follows:

3.11.1.3.1 Marshals shall ensure that visitors with an out-of-Kingdom authorization understand and comply with Atlantian rules and conventions.

3.11.1.3.2 Rapier fighters who move into Atlantia shall obtain an Atlantian authorization prior to participating in rapier combat.

3.11.1.3.3 Fighters with a valid authorization from another kingdom who move into Atlantia may trade in for an Atlantian authorization card. See the Policies of the MoL for the procedure.

3.11.2 Rapier Combat Weapons and Armor Standards

3.11.2.1 Atlantia follows the Corporate Rules for Rapier in the Society for Creative Anachronism, Incorporated (found at the Society Marshals Web Site at (<http://www.sca.org/officers/marshal/combat/rapier/index.html>), including cut and thrust rapier, with the following modifications:

3.11.2.2 No fiberglass blades are allowed.

3.11.2.3 Fighters who choose to participate in Cut & Thrust combat acknowledge that they will be struck with a harder blow than they would normally receive in heavy or light rapier combat, and they should act with the interest of the safety of their opponent in mind.

3.11.2.4 In addition to the Society requirements, for cut and thrust rapier combat, the back of the head must also be covered by rigid material, lined by at least ¼ inch (6mm) of closed cell foam or an equivalent padding.

3.11.2.5 In addition to the Society requirements, all heavy rapier and cut and thrust blade tips must include adequate protection against punch-through of the blade. This may include:

- A metal disc (such as a washer) placed between the end of the blade and the tip.
- A nut or other blunt metal object welded to the end of the blade in compliance with the Corporate Rules for Rapier in the Society for Creative Anachronism, Incorporated.
- Any approach specifically approved by the Deputy Earl Marshal for Rapier Combat.

3.11.3 Conventions of Combat for Rapier Combat

3.11.3.1 Definitions.

3.11.3.1.1 A Valid Blow is any thrust with positive force towards the opponent in line with the blade or any draw cut using at least 8" of the blade.

3.11.3.1.2 To be valid, a cut and thrust percussive cut must be delivered with positive force.

3.11.3.2 Additional Conventions.

- 3.11.3.2.1** For cut and thrust bouts, a fighter receiving a leg blow while delivering an incapacitating blow to an area other than the opponent's leg shall be the victor.
- 3.11.3.2.2** A Valid Blow to a hand will disable only the hand. The arm may still be used for parrying, but the hand may not grip, hold, or push.
- 3.11.3.2.3** Blows must recreate real attacks (thrusts in line with the blade, not slaps; cuts with the edge, not the flat).
- 3.11.3.2.4** Blow calling is the sole responsibility of the fighter receiving the blows. Fighters may, at their discretion, call blows good outside of those required. For example, they may decide to take tip cuts and/or push cuts.

3.11.4 Rules of the List for Rapier Combat

- 3.11.4.1** A combatant may decline any challenge without dishonor, and without specifying a reason. In a tournament bout, this may result in forfeiture of the bout.
- 3.11.4.2** Combatants may reject the use of a particular non-standard weapon or parrying device by an opponent, should they deem the weapon or parrying device unsafe.
- 3.11.4.3** All rapier combat is done in the round, not strip-style in a line.
 - 3.11.4.3.1** If a combatant has been placed on the ground (i.e. loss of leg or foot), the standing opponent may not attack from any angle greater than 120 degrees, central to the forward facing position of the fighter.
- 3.11.4.4** There shall be no combat between Rapier fighters and armored SCA combat fighters.
- 3.11.4.5** Brawling tactics or deliberate and unsafe misuse of weapons is not allowed. Examples include (but are not limited to):
 - 3.11.4.5.1** Grasping, grappling, tripping, or striking the opponent or the opponent's equipment with one's hand or body. Fleeting contact is permissible, as is parrying or grasping the blade per Society rules.
 - 3.11.4.5.2** Whipping or chopping with the rapier, dagger, cloak, buckler or anything else held in the fighter's hand.
 - 3.11.4.5.3** Throwing a cloak over an opponent's face so as to blind the opponent.
 - 3.11.4.5.4** Striking with any part of the weapon not designed for it, or with any buckler or parrying device not legal for thrusting.

- 3.11.4.5.5** Deliberately trapping the blade in any fashion, except as permitted under Society rules.
- 3.11.4.6A** hold shall be called whenever a marshal, fighter, or spectator believes conditions warrant it. Such conditions include (but are not limited to):

 - 3.11.4.6.1** A broken or unsafe weapon, armor, or other equipment.
 - 3.11.4.6.2** Violations of the rules of combat.
- 3.11.4.7**Combatants or marshals may request a calibration at any time during a Hold.
- 3.11.4.8A** fighter is armed so long as at least one offensive weapon is retained. If a fighter is disarmed, their opponent has the option of allowing them to recover their weapon(s); otherwise, a disarmed fighter must yield.
- 3.11.4.9** A marshal shall, as necessary, warn or remove from the field any fighter whose conduct is deemed unsafe, discourteous or unchivalrous. Examples of unsafe conduct include (but are not limited to):

 - 3.11.4.9.1** Striking with excessive force or from behind.
 - 3.11.4.9.2** Problems with acknowledgment of blows.
 - 3.11.4.9.3** Deliberate misuse of the Rules of Combat to gain advantage over an opponent.
- 3.11.4.10** At the end of each bout, the Marshals shall ask each fighter if they are satisfied with the conduct of the bout. If either combatant is dissatisfied with the conduct of the bout, they must state any grievances before walking off the field. Any fighter who leaves the field without stating grievances is declaring him/herself satisfied with the bout.
- 3.11.4.11** All martial sports hold inherent levels of risk. All participants must act with due regard for the safety of all participants and strictly adhere to the rules.

4 Policies of the Kingdom Minister of the Lists

4.1 Duties of the Kingdom Minister of the Lists

The Kingdom Minister of the List (KMoL) shall maintain a list of all authorized fighters in the Kingdom and a roster of all warranted Ministers of the List (MoL).

- 4.1.1** The fighter list and MoL roster will be published *at least* quarterly each year. These records will be made available to all warranted MoLs.

 - 4.1.1.1** The fighter list shall be published as two separate lists. The current list shall contain the names of all fighters in the kingdom with a valid authorization card. The recent expirations' list shall contain the names of

all fighters whose cards have expired in the four years preceding publication of the current list.

4.2 Becoming a Minister of the Lists

4.2.1 MoLs shall be warranted for a period of two years. Warrants shall be issued and maintained at the discretion of the KMoL.

4.2.1.1 All MoL's must request warrant renewal from the KMoL in writing. MoL's must work a minimum of 1 event in the previous year in order to remain warranted; this requirement may be waived at the KMoL's discretion.

4.2.2 Anyone wishing to become an MoL must attend the MoL 101 class and complete the MoL internship program.

4.2.2.1 After taking the MoL 101 class, the MoL trainees must complete a written test. Upon completion of the written test and internship program:

4.2.2.1.1 The Intern must submit, in writing, their desire to take on the office, legal name, SCA name, address, phone number, home branch, email (if available), membership number, and membership expiration date. The trainee must also confirm or deny 'permission to publish' their contact information in print and/or on-line.

4.2.2.2 The internship program consists of the following:

4.2.2.2.1 The Deputy KMoL for Training maintains a list of senior MoLs who are qualified to act as Mentors. Interns must assist a Mentor MoL at a minimum of two events.

4.2.2.2.2 Both events must involve a tournament format or list tree so the Intern may gain field experience in running tournaments.

4.2.2.2.3 In order to train at an event, the Intern MoL must get prior approval of the MoL-in-Charge of the event.

4.2.2.2.4 After each event is complete, the Mentor MoL mentor who worked with the Intern at that event will sign off on the Intern's paperwork. The Intern does not have to work with the same Mentor for both events, although they may.

4.2.2.2.5 After the Intern completes two events, they must submit the completed Internship forms with their Mentors' signatures to the Deputy KMoL for Training, who will review the Intern's paperwork, discuss their progress with the Mentoring MoLs, and either recommend warranting or further training.

4.2.2.3 The Deputy KMoL for Training may, at their discretion, waive the Internship requirements.

4.2.2.4 Interns may not serve as a MoL-in-Charge. They may not sign off as MoL on any list office paperwork. A Mentor warranted MoL must supervise all of an Intern's activities.

4.3 Duties of a Minister of the List

- 4.3.1** A warranted MoL is required to administer all combat activities at Atlantian events. For the purposes of this policy only, an Atlantian event is defined as any event announced in *The Acorn*. Any combat activity, including tournaments, demos, war practices, and training at Universities or Collegiums, held at these events requires an MoL.
 - 4.3.1.1** Each event shall have an MoL-in-Charge who is responsible for filing a tournament report within 14 calendar days of the event.
- 4.3.2** The MoL must ensure that each fighter checks in and completes the appropriate paperwork prior to entering the lists.
- 4.3.3** The MoL shall prepare one report for each tournament held at an event. If you have three tournaments, the KMoL's office should receive three report forms.
 - 4.3.3.1** If a tournament is scheduled but does not occur or is started but not completed, the MoL should send a tournament report stating this fact and the reason, for example bad weather or lack of marshals.
 - 4.3.3.2** A copy of the tournament report shall be submitted to the seneschal of the sponsoring branch.
- 4.3.4** Each month the KMoL will publish a list in *The Acorn* of overdue tournament reports. The MoL-in-Charge will have one month from the date of notification to submit the tournament report or contact the KMoL to resolve any problems.
 - 4.3.4.1** If at the end of the first month of past due notification, the MoL-in-Charge has not resolved the problem with the KMoL, the branch Seneschal will be responsible for locating and submitting the missing report or rectifying any issues with that report. The branch seneschal will have a second month to submit the missing report. The MoL-in-Charge will be suspended.
 - 4.3.4.2** At the end of two months, if the KMoL has not received the communication concerning the missing report, the branch sponsoring the event will be suspended from holding martial activities at events. All authorizations and/or renewals processed at the event may be voided by the KMoL. An announcement will be placed in *The Acorn* concerning the status of the authorizations/renewals.
 - 4.3.4.2.1** This suspension of the branch will be permanent unless all issues can be resolved and a letter is received from the branch seneschal requesting that the branch be reinstated. The suspension of the MoL-in-Charge will be permanent unless all issues can be resolved with the KMoL.
 - 4.3.4.2.2** Branches that have been suspended will be barred from holding fighting events until they have resolved all issues surrounding the event or the KmoL has approved a substitute for a specific tournament/event. Branch suspensions will be published in *The Acorn*.

- 4.3.5 It is recommended that all independent branches (such as Shires, Baronies, and Strongholds) and sub-branches (Cantons and Collegues) have an MOL if they wish to host fighting events.

4.4 Requirements for Participation in Combat

- 4.4.1 All gentles who wish to participate in combat activities in any capacity at an event as defined in 4.3.1 must sign in with the MoL-in-Charge of the event.
- 4.4.2 All fighters must present a valid combat authorization card to the list table when signing in for a tournament. The MoL shall verify the fighter's authorizations with this card and/or the current fighter list. Photocopies of authorizations card are not acceptable.

4.5 Authorization Records

- 4.5.1 Authorization requirements are issued and administrated by the Kingdom Marshal's office. For an authorization or renewal to be officially recorded the following forms must be completed, signed, and accompanied by the \$5 fee or the authorization/renewal will be void.
 - 4.5.1.1 Combined Verification of Authorization and Temporary Authorization Card. This form must be completed any time the MoL processes an authorization, add-on weapons form, transfer of authorizations from another Kingdom, renewal of an expired card, or a lost card. Three copies are required. (One card goes to the KMoL with the tournament report, one card remains with the MoL-in-Charge's records, and the third card goes to the fighter to serve as their temporary authorization card.) This temporary card will be valid for three months. For example, if the authorization takes place on 1/00, the expiration date will be 4/00.
 - 4.5.1.1.1 For an authorization, add-on weapons form, or transfer of authorizations from another kingdom, the marshals, MoL, and fighter must sign the temporary card.
 - 4.5.1.1.2 For a renewal or lost card, the MoL and the fighter must sign the temporary card.
- 4.5.2 If a fighter is authorizing in an add-on weapon form, the process is exactly the same as if it were a new authorization and new cards will be issued. MoLs may NOT make any changes to the existing fighter card.

4.6 Renewal of Authorizations and Confirmation of Authorizations

- 4.6.1 Combat Authorization Cards are valid for four years from date of issue. At the end of that time, a fighter must execute a renewal. This may be done at an event list table or through a MoL-at-Large.
 - 4.6.1.1 If the fighter is on the list of recently expired fighters, they may complete a renewal and fight.
 - 4.6.1.2 If the fighter cannot or will not renew or reauthorize, they may not fight.

- 4.6.2 If a fighter's card has been expired for more than four years, all of their authorizations become void and they must re-authorize in all weapons forms.

4.7 Out of Kingdom Fighters

- 4.7.1 If a fighter from another Kingdom is visiting Atlantia, they must show the authorization card from their Kingdom of residence in order to participate in combat activities.
- 4.7.2 When a fighter from another Kingdom moves to Atlantia, they must obtain an Atlantian authorization card within three months of their first Atlantian event. During this three month grace period, they may fight using their previous Kingdom's authorization card. To transfer authorization, the MoL should have the fighter and marshals complete and sign a combined Verification of Authorization and Temporary Authorization Card.

4.8 Minors

Minors are a special case in combat. Any minor (aged 16 to 17 years) who wishes to engage in combat with adults, must authorize and go through the process prescribed by the Kingdom Marshal's office. If a minor wishes to authorize, the MoL must insure that the normal paperwork, as well as the additional forms stipulated by the Kingdom Marshal policies, have been completed before the authorization may be attempted.

- 4.8.1 Minor combatants will be issued a yellow card, which will expire on their eighteenth birthday. When signing in an authorized minor combatant, the MoL should ask to see their fighter card, and either their parent or guardian or their signed and notarized Minor Medical Authorization and adult authorized by the form to seek medical treatment for the minor.
- 4.8.2 For minor combatants seeking to authorize for the first time, the MoL should ask to see proof of waiver on file at SCA Corporate Headquarters (blue membership card), or have the minor's parent or guardian sign and submit a Minor's Consent to Participate and Hold Harmless Agreement (Minor Waiver) for the minor combatant.

4.9 Cavalry

- 4.9.1 All individuals participating in Cavalry events are required by Society policy to sign a State-specific Equestrian Waiver (where the event is located).
- 4.9.2 For all cavalry participants seeking authorization or add-on forms, an individual, State-specific Equestrian Waiver must accompany the Verification of Authorization and temporary cards.

4.10 Youth Combat

Youth Combatants are a special case in combat. Any minor (aged 7 to 17 years) who wishes to authorize as a Youth Combatant must go through the process prescribed by the Kingdom Marshal's office. If a minor wishes to authorize, the MoL must insure that the

normal paperwork, as well as the additional forms stipulated by the Kingdom Marshal policies, have been completed before the authorization may be attempted.

- 4.10.1** Youth Combatants will be issued a green authorization card, which will expire in three (3) years from the authorization date, or their 18th birthday, whichever occurs first.
